Claims that San Francisco aspires to make progress to correct its own homelessness and affordable housing failures do not absolve the City of responsibility for its flagrant and ongoing violations of the Constitution. Defendants tout their written and stated policies and offer bland, generalized statements about adhering to them, but they do not rebut Plaintiffs' abundant contrary evidence as to the City' unconstitutional *conduct*. Rather than addressing the reality of the City's rampant misconduct, Defendants baselessly reject Plaintiffs' dozens of supporting declarations and years of underlying data while continuing to terrorize unhoused communities with impunity. Defendants also concede or ignore the bulk of Plaintiffs' legal arguments under Martin v. Boise. Even under Defendants' incorrect, myopic reading of *Martin*, the facts still demonstrate the City's failure to meet its constitutional obligations. Defendants lament that Plaintiffs' motion for relief calls for an end to enforcement of all laws necessary for San Francisco to promote safe and clean streets. But that assertion is disingenuous. Far from constitutionally enforcing legitimate safety laws—which are not at issue here—Defendants continue to subject hundreds of unhoused San Francisco residents to criminal enforcement and property destruction for the involuntary status of being unhoused—in clear violation of their Eighth and Fourth Amendment rights. Plaintiffs need this Court's intervention to safeguard their constitutional rights and prevent Defendants from irreparably harming them while this action is pending.

II. STATEMENT OF UNCONTROVERTED FACTS

A. Defendants Fail to Rebut Plaintiffs' Factual Assertions Regarding Criminal Enforcement Without Shelter Offers.

Defendants provide no evidence to disprove that San Francisco has insufficient shelter and

housing for all its unhoused residents and is at least thousands of temporary shelter beds short. *Compare* Mot. at 3:1-4:10, *with* Opp'n at 2-4. At this moment, the City maintains insufficient shelter availability for the entirety of its unsheltered population—which the City estimates to be at least 4,397 people. Della-Piana Decl., Ex. 7 at 19. Defendants do not dispute that shelters are

generally at capacity and that the most recent waitlist was 1000-person plus long. See Mot. at 4

n.2; see generally Opp'n at 2-4. That waitlist is now closed, and people can no longer meaningfully

refer themselves to a shelter or even wait in line for one. Mot. at 4:11-14.1

Defendants do not respond to the extensive public records that show the City has threatened unhoused individuals with criminal enforcement and has cited or arrested unhoused San Francisco residents purely for sleeping or lodging in public *thousands of times* over the past several years—both at HSOC encampment resolutions and when SFPD is dispatched independently to respond to homelessness complaints. *Compare* Mot. at 9:24-10:27 (recounting extensive SFPD enforcement operations), *with* Opp'n at 9:1-6 (acknowledging SFPD's practice of enforcing ordinances against unhoused people for sitting, lodging, or sleeping in public). Defendants also do not address Plaintiffs' evidence that when SFPD is dispatched independently, officers make no effort to offer shelter and are not accompanied by the HOT team. Mot. at 8:22-9:23; Cutler Decl. ¶¶ 24-26.

Likewise, Defendants admit that the City routinely sets out to remove unhoused individuals and their property even when the City knows it does not have enough shelter beds available to offer to every individual targeted for enforcement that day, which violates San Francisco's own City ordinances. Compare Opp'n at 17:6-7 ("HSOC has learned that 40% of clients at an encampment resolution accept offers of shelter, and has made the rational decision to proceed accordingly"), with S.F. Police Code § 169(d) (the City is required to "offer Housing or Shelter to all residents of the Encampment who are present" and "shall not enforce the prohibition . . . unless there is available Housing or Shelter for the person or persons in the Encampment.") (emphasis added). The City admittedly does not know what shelter beds will be available—if any—at the start of an encampment resolution. Compare Mot. at 6:16-24, with Opp'n at 6:18-19. Defendants' own declarants concede that there are often not enough shelter resources at a given encampment to place all individuals who actively want shelter. See, e.g., Nakanishi Decl. ¶ 11 (describing how "due to resources or shelter options not being available at the time of a resolution," the HOT team has to follow-up with unhoused individuals afterwards) (emphasis added).

¹ Current daily shelter availability records Defendants provided reveal that on any given day there are as few as 10 shelter beds available across all of San Francisco for an unsheltered population of more than 4,000 individuals. *See, e.g.*, Shroff Decl. Ex. 16 at 136, 172, 192, 196. Defendants' opposition touts that 1,000 individuals were placed in temporary shelter in 2021. Opp'n at 3:7-9; see also Dkt. No. 45-17. But that statistic, if accurate, ignores that shelters are at capacity almost every day while thousands of San Franciscans are forced to live unsheltered.

В.

2.7

Defendants Present No Evidence Rebutting the Conclusion that the City Indiscriminately Destroys Unhoused People's Belongings.

Defendants do not cite any authority beyond their own policy to support the claim that "DPW stores and discards items left behind pursuant to its policy and procedure." Opp'n at 7, citing Dilworth Decl. ¶¶ 4-8 (DPW supervisor stating the general "Public Works" policy). Even Defendants' bag and tag policy authorizes DPW staff to throw away tents and other bulky items in violation of the Fourth Amendment. See Mot. at 23:4-7, 23:26-28. On the other hand, dozens of Plaintiffs' declarations contain detailed and itemized lists of property Defendants seized and destroyed and never returned—which were valuable personal property, not trash nor intermingled with hazardous material, and not abandoned—in violation of the City's stated policies. See Mot. at 6:25-7:23, 12:8-25, 14:10-15:28. Defendants have not even attempted to explain why they destroy unhoused individuals' personal items such as laptops, medical devices, medications, family photos and other similar personal and survival belongings. See Mot. at 14:10-15:7.

C. Defendants Recount Their Written Policies Without Addressing Plaintiffs' Detailed Evidence Showing City Policies Are Rarely Followed.

Plaintiffs' motion relies on aggregated public data over the past three years and declarations from thirty-one percipient witnesses who have witnessed *hundreds* of sweeps. All this evidence demonstrates that Defendants regularly criminalize unhoused people for involuntary homelessness and destroy their personal belongings—in direct violation of Defendants' own stated policies. *See* Mot. at 9:24-15:28 (expert review of San Francisco's data and the experiences of twenty-five unhoused individuals, five volunteers, and a former City staff member document dozens of episodes of unlawful criminal enforcement and property destruction).

Defendants' opposition relies on the declarations of City officials that restate San Francisco's written policies and assert that the City complies with those policies, without presenting any evidence rebutting direct observations to the contrary. *See* Opp'n at 4:20-9:11, *citing* Crist Decl. ¶¶ 3-4, 6 (SFPD Lieutenant describing SFPD's written policies); Cohen Decl. ¶¶ 2, 4-19 (HSH communications director touting HSH statistics unrelated to whether shelter offers are made before criminal enforcement); Dilworth Decl. ¶¶ 4-8 (DPW supervisor providing a

general explanation of "Public Works" procedures but nowhere indicating that he is typically present during DPW cleaning operations); Hardiman Decl. ¶¶ 2-5 (SFFD Commander describing his role leading encampment resolutions but not any specific circumstances at encampment resolutions); Horky Decl. ¶¶ 7-13 (DPH worker describing goals of public health work generally); Mazza Decl. ¶¶ 5-7 (describing HOT team practices without discussing availability of shelter beds at encampment resolutions or whether shelter offers are made prior to criminal enforcement). Plaintiffs do not dispute that Defendants have accurately recounted their own policies. The reality is that these policies are regularly ignored. *See* Mot. at 11:13-14:9; *supra* at II.A.

Only three of Defendants' supporting declarations even purport to address San Francisco's actual practices at HSOC encampment resolutions. But these brief, generalized statements without further support do not rebut Plaintiffs' detailed factual collection. Notably, Defendants submit declarations from two HOT team workers that take care *not* to suggest that all unhoused individuals will get shelter at an encampment resolution before being forced to move. Nakanishi Decl. ¶¶ 4-7, 11 (noting that shelter often cannot be provided "due to resources or shelter options not being available at the time of a resolution" and that requests might only be accommodated "based on need and availability"); Piastunovich Decl. ¶¶ 4-8 ("[d]epending on the allocation of placements received that day, we work . . . to place clients in suitable shelter") (emphasis added).

Further, Sam Dodge's declaration as the Director of HSOC largely reports only on his general understanding of the timeline for HSOC sweep operations. Dodge Decl. ¶¶ 7-10, 12-21. Mr. Dodge's only response to Plaintiffs' evidence of criminal enforcement absent shelter—including analysis of years of data and the direct observations of dozens of witnesses—is a single assertion that "[i]f adequate sheltering alternatives are not available, clients are not asked to relocate." Dodge Decl. ¶ 18. But Mr. Dodge does not substantiate that statement or account for the substantial contrary evidence presented by Plaintiffs. Thus, Defendants do not meaningfully rebut the detailed factual allegations in Plaintiffs' motion regarding systematic criminal enforcement absent shelter. Mot. at 9:24-12:7, 14:10-15:28.²

² The few instances from Plaintiffs' declarations that Defendants highlight do not demonstrate that the City offers shelter to unhoused individuals before enforcement. *See* Opp'n at 11:16-25. Mr.

D. Defendants' Conduct Continues to Irreparably Harm Plaintiffs After the Preliminary Injunction Motion Was Filed.

Defendants continue to engage in routine criminalization of involuntary homelessness and destruction of unhoused individuals' survival belongings—undeterred by Coalition volunteers who have been monitoring Defendants' sweep operations pursuant to Court-ordered notice. *See* Verner-Crist Decl. ¶¶ 7-29; James Supp. Decl. ¶¶ 3-15; Evans Supp. Decl. ¶¶ 4-24; Friedenbach Supp. Decl. ¶¶ 3-6; *see also* Castaño Supp. Decl. ¶¶ 3-9; Reasor Decl. ¶¶ 3-12; Cobb Decl. ¶¶ 2-12; Williams Decl. ¶¶ 4-9. Plaintiffs' counsel is also aware of additional planned sweep operations the City conducted without any notice to Plaintiffs' counsel, despite the Court's Order—resulting in serious and irreparable harm to the unhoused individuals present. *See* Shroff Decl. Ex. 18.³

III. PLAINTIFFS' EVIDENCE IS NEITHER STALE NOR INADMISSABLE

As described above, Defendants do not meaningfully rebut *any* factual assertions made by Plaintiffs' declarants. To no avail, Defendants instead resort to raising broad unfounded objections to Plaintiffs' witness declarations that have nothing to do with their substance.

A. Plaintiffs' Declarations Are Not Stale as Defendants Have Shown No Change in Conduct or Circumstances.

Defendants argue that this Court should decline to consider all evidence of Defendants' extensive and ongoing unconstitutional response to homelessness prior to 2022—suggesting that any evidence that is "more than a year old" must be considered "stale." Opp'n at 15:9-21. In

Cronk Decl. ¶¶ 9-10 [2-9]; Donohoe Decl. ¶¶ 9-10 [2-13]; Sandoval Decl. ¶ 8 [2-22].

LATHAM & WATKINS LLP ATTORNEYS AT LAW SAN FRANCISCO

Frank says he was never offered shelter on January 26, 2022, and Defendants do not contend that he was offered shelter. Frank Decl. ¶ 12 [2-16]. Mr. Dubose was spared criminal enforcement only after intervention by the Coalition on Homelessness. Dubose Decl. ¶ 9 [4-18]. The other declarants clearly explain that the City's shelter offer to them on *one occasion* came under threat of property destruction—itself an unconstitutional practice—while noting that generally the City never offered them shelter at all despite constant displacement through sweep operations. *See*

³ In addition to not providing notice of planned sweep operations, Defendants have continued to stall in producing the SFPD reports that would aid Plaintiffs' counsel in effectively monitoring SFPD's interactions with unhoused individuals—both in scheduled HSOC sweeps and at more informal occasions. *See* Shroff Decl. Ex. 18. Plaintiffs' counsel has repeatedly requested additional information necessary to make the records intelligible and complete.

doing so, Defendants point to substantial evidence regarding Defendants' conduct *this year*. *Id*.⁴ Regardless, Defendants provide no explanation for this arbitrary rule.

The fact that Plaintiffs have documented a multi-year pattern of unconstitutional practices from at least 2018 through 2022 is certainly no basis to disregard sworn declarations. Indeed, "the mere lapse of substantial amounts of time is not controlling in a question of staleness." *United States v. Dozier*, 844 F.2d 701, 707 (9th Cir. 1988). Rather, to "render an opinion stale, subsequent evidence must be contradictory—or at least inconsistent—with the earlier opinion in some material manner." *Ginger R. v. Kijakazi*, No. 20-cv-02524, 2022 WL 2713352, at *7 (S.D. Cal. July 13, 2022) (internal quotations omitted). Here, the exact opposite is true. Defendants have not argued that they changed any of their relevant policies or conduct in 2022. In their opposition, Defendants pride themselves on practices that have been in place from 2018 through 2022 that they defend as constitutional. Opp'n at 1-4. Defendants have therefore failed to identify any intervening changes in 2022 that could justify a determination that Plaintiffs' evidence is "stale." 5

Defendants' sole argument for limiting relevant evidence on the motion to 2022 is a hollow reference to the "shifting impact of Covid-19"—without further explanation. Opp'n at 15:11-13. The COVID-19 pandemic does not excuse Defendants from their constitutional obligations—let alone justify the exclusion of relevant and probative evidence. *See Calvary Chapel Dayton Valley v. Sisolak*, 140 S. Ct. 2603, 2605 (2020) (J. Alito, dissenting) ("public health emergency does not give . . . public officials *carte blanche* to disregard the Constitution").

B. Hearsay is No Basis to Exclude Relevant Evidence on Preliminary Injunction, and Plaintiffs' Declarants Offer Direct Observations.

Defendants suggest that Plaintiffs' witness declarations are "riddled with inadmissible hearsay." Opp'n at 16:4-12. This argument has no merit. Hearsay and other evidence that may be inadmissible at trial can support a preliminary injunction. *Johnson v. Couturier*, 572 F.3d 1067,

⁴ See also Donohoe Decl.; Cronk Decl.; Martinez Decl.; Sandoval Decl.; Murdock Decl.; Solomon Decl. (noting unconstitutional conduct as recent as weeks before this litigation was filed). This evidence alone sufficiently supports Plaintiffs' motion.

⁵ Newly available evidence gathered from 2022 also confirms the same aggregate trends regarding San Francisco's criminalization and property destruction. *See* Herring Supp. Decl. ¶¶ 8-33.

1083 (9th Cir. 2009); *Anderson v. Reverse Mortg. Sols., Inc.*, No. 16-cv-01411, 2016 WL 9175875, at *1 (N.D. Cal. Aug. 18, 2016). Regardless, dozens of unhoused individuals who have had their property destroyed and been under threat of citation and arrest—and witnesses to those and similar experiences—speak directly from their own personal observations, which is not hearsay. *See* Mot. at 14-15 (summarizing thirty-one detailed declarations documenting property destruction and enforcement without services, based on direct observations and experience).⁶

C. Defendants' Ad Hominem Attack of the City's Ex-Employee is Meritless.

Defendants also seek to discredit the direct observations of Mr. Bennett—a former City employee and HOT team supervisor charged with making shelter offers to unhoused individuals—on the sole basis that he is an allegedly disgruntled employee. Opp'n at 15 n.5. This *personal* attack does not address the substance of Mr. Bennett's statements. Given the opportunity to rebut Mr. Bennett's specific testimony, Defendants declined to do so. *See Spark Indus., LLC v. Kretek Intern., Inc.*, No. 14-cv-05726, 2014 WL 4365736, at *11 n.9 (C.D. Cal. Aug. 28, 2014) (rejecting defendant's assertion that "disgruntled, former [] employees" were unreliable when defendants did not "rebut[] the claims made by the disgruntled employees") (internal quotations omitted). The content of Mr. Bennett's declaration is also further corroborated by statements of other former employees of the City. *See* Marshall Decl. ¶¶ 11-23, 30-34; Malone Decl. ¶¶ 5-15.

D. Dr. Herring's Expert Report Is Supported by the City's Own Records.

Defendants offer a superficial and defective critique of Dr. Herring's expert opinions. They argue that Dr. Herring's conclusions "lack a factual basis." Opp'n at 16:17-18:4. But they ignore that Dr. Herring's conclusions relied on analysis of hundreds of pages of the City's own records, including the City's HSOC encampment resolution schedules and reports, DPW bag and tag logs,

⁶ Defendants also claim, with no support, that declarations by Coalition staff and volunteers are "vague and conclusory." Opp'n at 16:15-16; see RG Abrams Ins. v. Law Offs. of C.R. Abrams, No. 21-cv-00194, 2022 WL 16641829, at *7 (C.D. Cal. Nov. 2, 2022) ("Defendants fail to explain what matter within any of the declarations is vague."). But Plaintiffs' declarations are detailed in documenting Defendants' misconduct. See generally Mot. at 6-9, 14-15 (citing to detailed descriptions of City conduct at sweeps). Defendants also vaguely assert that "characterizations of San Francisco's conduct" in the Friedenbach declaration are "improper opinion"—again without further explanation. Opp'n at 16:13-15; Petrosyan v. Ali, No. 09-cv-00593, 2013 WL 5466572, at *5 (E.D. Cal. Sept. 30, 2013) (overruling improper opinion objection because Plaintiff "fail[ed] to explain the rationale behind his objections"). These objections are invalid.

SFPD citation and arrest logs, and HSH daily shelter bed availability. See Herring Decl. ¶ 20. His conclusions are further based on his prior experience working with the City and law enforcement,

field research, and surveying hundreds of unhoused people in San Francisco. *Id.* ¶¶ 9-18.

12 13

14

15

16

17

18

19 20

21

22

23

24

25

26

27 28 Opinion 1. Dr. Herring's first opinion does not "conflate" aggregate shelter capacity with

the offer of a bed for a specific encampment resolution. See Opp'n at 16:20-21. His opinion

correctly observes both that the number of available shelter beds reported by the City is

consistently less than the number of unhoused individuals in San Francisco, and that the City

scarcely has any shelter beds available system-wide because of the shortage. Herring Decl. ¶¶ 24-

35. He further points out that no beds are available to unhoused individual upon self-referral

because the City's shelter waitlist is closed and there were one thousand people on the waitlist

before it closed. *Id.* Defendants do not contest these conclusions. *See* Opp'n at 16:20-17:3.

Opinion 2. Defendants similarly do not challenge Dr. Herring's conclusion that HSOC planned and carried out encampment resolutions on days when there was a documented deficiency in shelter availability. See generally Opp'n at 16-17. In fact, they admit it. Id. at 17:6-7 ("HSOC has learned that 40% of clients at an encampment resolution accept offers of shelter, and has made the rational decision to proceed accordingly"). Defendants downplay this admission by asserting that "if HSOC's projection of shelter needs turns out to be insufficient on a particular day," Defendants' stated policy is to "shift gears" and stop the sweep operation. Opp'n at 17:8-12. However, voluminous accounts, eyewitness reports, and at least three former city employees demonstrate that, in practice, Defendants almost never follow this policy and continue to threaten individuals with citations and arrest and destroy property even in the absence of sufficient available shelter. See Mot. at 6-9, 14-15 (citing thirty-one declarations belying that Defendants' policy is actually followed). Defendants did not rebut the factual assertions underlying these declarations. See supra at II.A-C. Furthermore, Defendants do not challenge Dr. Herring's conclusion that institutional pressures and limited shelter availability can cause workers on the ground to fabricate compliance. See Herring Decl. ¶ 52; Marshall Decl. ¶¶ 14-23.

Opinion 3. Defendants take issue with Dr. Herring's decision not to specifically identify which of the approximately 3,000 arrests of unhoused individuals for lodging in public and refusing to obey a law enforcement order to "move along" pertained specifically to an HSOC sweep operation—even though Dr. Herring acknowledges that it is possible to do so. *See* Opp'n at 17:14-15. The point is irrelevant though, since criminal enforcement occurs both at HSOC resolutions and during daily SFPD actions without any pretense of offering shelter. Mot. at 6-9.⁷

Opinion 4. Defendants contend that Dr. Herring did not have a factual basis to conclude that DPW routinely fails to follow its bag and tag policies. But Dr. Herring analyzed the limited bag and tag logs provided by DPW and compared them to HSOC's encampment resolutions to reveal a dearth of bag and tag logs recorded during HSOC operations. *See* Herring Decl. ¶ 85 (concluding that no bag and tags were recorded during 89% of HSOC operations between January and February 2021). The lack of information in Defendants' own records, in conjunction with Dr. Herring's direct observations, field research, and published academic surveys of unhoused San Franciscans, provides a valid basis for Dr. Herring's conclusion that City employees confiscate and destroy unhoused individuals' belongings instead of bagging and tagging them.⁸

Opinion 5. Defendants do not challenge this opinion, merely claiming that it is "untethered to any unconstitutional standard." Opp'n at 17:27-18:4. But Dr. Herring does not purport to opine on the constitutionality of Defendants' practices. Dr. Herring simply explains how Defendants' practices have caused and will continue to cause harm to unhoused individuals. Defendants do not rebut these findings in any way.

IV. PLAINTIFFS ARE LIKELY TO SUCCEED ON THE MERITS OF THEIR LEGAL ARGUMENTS

Defendants' rebuttal of Plaintiffs' constitutional arguments fares no better—and in fact Defendants' authority reveals precisely why Plaintiffs are entitled to a preliminary injunction. To establish likelihood of success on the merits, Plaintiffs need only show that they have a fair chance

⁷ Notwithstanding Defendants' baseless assertion that Dr. Herring's data analysis from 2018-2021 is stale (Opp'n at 17), SFPD provided Plaintiffs' counsel with citation and arrest data for 2022 after Plaintiffs' motion was filed. Shroff Decl. ¶ 14. Dr. Herring has confirmed that the more recent data shows the same enforcement trends. Herring Suppl. Decl. ¶¶ 18-23.

⁸ Again notwithstanding that any claim of "stale" data is baseless, Dr. Herring's supplemental analysis of bag and tag data from 2022 reflects the same incongruity between San Francisco's enforcement actions and its bag and tag records. *See* Herring Supp. Decl. ¶¶ 8-33.

of success or present serious questions to require litigation, not conclusively prove their case or show that they are more likely than not to prevail. *Univ. of Tex. v. Camenisch*, 451 U.S. 390, 395 (1981); *Benda v. Grand Lodge of IAM*, 584 F.2d 308, 315 (9th Cir. 1978); *Stewart v. City and Cnty. of San Francisco*, No. 22-cv-01108, 2022 WL 2720734, *4 (N.D. Cal. June 22, 2022).

A. Plaintiffs Demonstrate Defendants' Persistent Custom and Practice Of Unlawful Conduct Sufficient to Establish Municipal Liability Under *Monell*.

Defendants assert that they cannot be held liable for their unconstitutional conduct because the experiences of Plaintiffs' declarants "directly contravenes San Francisco's policies" or are "too general" to establish municipal liability. Opp'n at 2:2-3, 14:26. But Defendants' actual conduct not mere lip service to their written policies—determines liability. See Mot. at 23:24-24:3, citing Redman v. Cnty. of San Diego, 942 F.2d 1435, 1445-46 (9th Cir. 1991) (holding Defendants liable for "the routine failure (or claimed inability) to follow the general policy[, which] constitutes a custom or policy which overrides, for *Monell* purposes, the general policy"). Plaintiffs' extensive factual record in support of their motion for relief—including over thirty percipient witnesses with direct knowledge of hundreds of sweeps, three former City workers from different agencies, an expert review of Defendants' data, and San Francisco Superior Court opinions finding constitutional violations—largely uncontroverted by Defendants—are more than sufficient to establish municipal liability. See supra at II.A-B; Mot. at 12:8-15:23; Herring Decl. ¶¶ 24-89; Della-Piana Decl. Exs. 41-50; see also, e.g., Lawman v. City & Cnty. of San Francisco, 159 F. Supp. 3d 1130, 1144-45 (N.D. Cal. 2016) (finding 60 incidents over 5 years and former employee's report sufficient to establish unconstitutional pattern despite written policy); Meggitt (San Juan Capistrano), Inc. v. Yongzhong, No. 13-cv-00239, 2013 WL 12120067, at *4 (C.D. Cal. Sept. 26, 2013) (noting that plaintiffs' "uncontroverted version of the facts" supports a preliminary injunction). Nor can the sheer volume of these accounts be characterized as "random acts or isolated events." *Cf. Navarro v. Block*, 72 F.3d 712, 714 (9th Cir. 1995).⁹

⁹ Defendants vaguely assert that "San Francisco trains its employees on these policies and through effective oversight ensures these policies are followed," and on that basis it should not be municipally liable absent "systemic training failures." Opp'n at 2:9-11. The assertion has no

B. Defendants Violate the Eighth Amendment Under Any Proper Reading of *Martin v. Boise.*

Martin's central holding cannot be disputed: "so long as there is a greater number of homeless individuals in a jurisdiction than the number of available beds in shelters, the jurisdiction cannot prosecute homeless individuals for involuntarily sitting, lying and sleeping in public." Martin v. City of Boise, 920 F.3d 584, 617 (9th Cir. 2019) (internal quotations omitted); see, e.g, Warren v. City of Chico, No. 21-cv-00640, 2021 WL 2894648, at *2 (E.D. Cal. July 8, 2021) ("this Circuit has previously held that ordinances such as this are not enforceable, unless there is enough practically available shelter within the City for all unhoused individuals" (emphasis added)). The Ninth Circuit endorsed this holding again just days after Plaintiffs' motion was filed. See Johnson v. City of Grants Pass, 50 F.4th 787, 795 (9th Cir. 2022) (citing "the formula established in Martin" and prohibiting punishment and criminal enforcement against the homeless for taking "rudimentary precautions to protect themselves from the elements").

Plaintiffs have established that Defendants flagrantly violate *Martin's* Eighth Amendment prohibitions in at least five ways. Mot. at 17:13-22:19. Defendants' opposition does not brook any genuine disagreement on the law. Defendants do not rebut the fact that San Francisco is thousands of shelter beds short of its unhoused population. The City's shelters are essentially at capacity on a daily basis and often there are as few as 10 shelter beds available for an unsheltered homeless population of 4,000. *See supra* at II.A; Shroff Decl. Ex. 16 (showing shelter bed allocations since the filing of this case). As to the few shelter beds available, Defendants fail to contest that unhoused individuals have no ability to voluntarily access them because the shelter waitlist is closed and no one is allowed to wait in line to receive shelter. *See* Opp'n at 16:20-17:3; Herring Decl. ¶¶ 24-32. In other words, San Francisco's thousands of unsheltered residents have no choice in the matter: they are involuntarily homeless. Defendants' own interpretation of *Martin* concedes as much—agreeing that shelter must be "realistically available" such that people can

2.7

supporting authority. In fact, where municipal staff are repeatedly violating agency policies with impunity and without sufficient corrective action from supervisors, *Monell* liability is bolstered—not diminished. *Rodriguez v. Cnty. of Los Angeles*, 891 F.3d 776, 803 (9th Cir. 2018).

"choose" to access it. Opp'n at 10:19-22, citing Martin, 920 F.3d at 617 n.8. In San Francisco,

withholds shelter beds so that it has just enough beds to offer everyone onsite at an encampment

resolution as a way to enforce targeted displacement. Opp'n at 4:25-5:2; id. at 16:21-22 (asserting

that encampment resolutions are the "clear way to access shelter" in San Francisco); see also

Marshall Decl. ¶¶ 10, 20-23, 29. This enforcement-only approach also violates the Eighth

Amendment. Mot. at 19:13-20:4. In any event, Defendants admit that they do not make written

offers of shelter to every unhoused person at an encampment, violating San Francisco's own

ordinance requiring written shelter offers for all individuals onsite 24-hours in advance. See supra

II.A. Defendants explain that they are only ever prepared to offer 40% of individuals shelter

because only that many people really want it. Opp'n at 17:6-7. But Defendants cannot shirk their

constitutional obligations to provide the homeless with the choice of shelter by simply assuming

that a larger percentage of the unhoused would refuse an unmade offer of shelter. Under Martin,

this practice again can only be characterized as punishing the homeless on the "false premise" that

they voluntarily chose to be homeless. Such a contrived work-around also creates perverse

incentives to fabricate shelter refusals to justify enforcement—and should not be credited. Herring

"policy of offering shelter before requiring any unhoused person to vacate public property." Opp'n

Defendants' opposition primarily relies on the bare assertion that San Francisco has a

Nonetheless, Defendants admit to an enforcement model where the City supposedly

1 2

they cannot, which ends the Court's inquiry.

Decl. ¶ 52; Marshall Decl. ¶¶ 17-18, 36-37.

at 9:22-23. But as described above, Defendants do not controvert Plaintiffs' evidence that unhoused individuals are threatened with citation and arrest and forcibly displaced from San Francisco streets without being offered shelter. *See* supra II.A; *see also* Mot. at 8:8-19, 8:24-9:17. Defendants' few references to cases other than *Martin* that predate *Johnson* lend them no support. In *Shipp v. Schaaf*, the plaintiffs failed to show that any criminal enforcement occurred at encampment resolutions at all—thereby rendering the Eighth Amendment inapplicable. 379 F. Supp. 3d 1033, 1037 (N.D. Cal. 2019) ("Nothing . . . in the record suggests that the City intends

to issue criminal sanctions"). Here, Defendants routinely issue "move-along" orders, citations,

and arrests when conducting encampment resolutions and other displacement operations. Mot. at 7:26-28; Herring Decl. ¶¶ 58-79; see also Castaño Decl. ¶¶ 17-18 [2-4]; Bryant Decl. ¶¶ 16-17, 23 [4-3]. This case is likewise distinguishable from Miralle v. City of Oakland, where the city actually committed to provide shelter to every member of a particular encampment prior to an encampment closure—which San Francisco routinely fails to do. No. 18-cv-06823, 2018 WL 6199929, at *2 (N.D. Cal. Nov. 28, 2018). Regardless, in Miralle there were no allegations that Oakland's broader shelter system lacked capacity or that it was law enforcement's daily practice to enforce criminal sanctions against dozens of unhoused individuals without first making genuine shelter offers. In contrast, as Plaintiffs have shown, and Defendants do not rebut, there is "no safe harbor for unhoused individuals anywhere within the City." See Mot. at 18:13.¹⁰

C. Defendants' Indiscriminate Property Destruction Violates the Fourth Amendment—Whether or Not Unhoused Individuals Are Provided Notice.

Defendants do not disagree with the basic tenet that the summary destruction of unhoused individuals' unabandoned personal property violates the Fourth Amendment and the City's own policies unless the property presents an obvious health and safety hazard. Opp'n at 12:1-16, 13:20-28. Defendants argue that those exceptions apply here—without support—notwithstanding Plaintiffs' detailed and voluminous evidence that Defendants engage in indiscriminate destruction of unhoused individuals' property even when it is demonstrably not trash or a safety hazard—and often over the direct objection and pleas of unhoused individuals. *See* Mot. at 14:12-15:7 (documenting more than 30 such episodes of warrantless property destruction and providing an expert review of the City's data indicating extensive property destruction), 24:7-19 (noting that claims of abandoned or hazardous property are an insufficient defense to indiscriminate property destruction); *see also supra* II.B.; Malone Decl. ¶¶ 6, 10-15.

¹⁰ Contrary to Defendants' contention, Plaintiffs' challenge does not target governmental conduct beyond the bounded holdings of *Martin* or *Johnson*. *See* Opp'n at 10:11-15. Plaintiffs do not seek in this action to compel the City to provide sufficient shelter to the homeless, nor do Plaintiffs deny the City's right to enforce laws prohibiting anyone from obstructing sidewalks or any other valid and lawful ordinance appropriately restricting the use of public property. Plaintiffs' challenge is limited only to the unlawful enforcement of statutes that criminalize the involuntary status of being homeless. *See* Dkt. No. 9-10 (Proposed Preliminary Injunction Order).

Because they cannot rebut the evidence of Fourth Amendment violations, Defendants instead incorrectly argue that if they satisfy the notice requirements of the Fourteenth Amendment, they can freely destroy unhoused people's survival belongings. Opp'n at 12:17-13:19. Yet Defendants themselves cite cases that make clear that even where notice is provided, unhoused individuals' property *must* be safeguarded and stored rather than summarily discarded. *Sullivan v. City of Berkeley*, 383 F. Supp. 3d 976, 980 (N.D. Cal. 2019) (noting that "unattended property collected was stored for 14 or 90 days"); *Shipp*, 379 F. Supp. 3d at 1038 (removal acceptable when property was stored for 90 days and notice "is posted at the encampment with information on how to retrieve stored property"); *Miralle*, 2018 WL 6199929, at *3 (same). Indeed, *Sullivan* only held the destruction of property permissible in that case because "the record demonstrates . . . that the property left behind . . . was wholly abandoned rather than temporarily unattended"). 383 F. Supp. 3d at 985. Plaintiffs demonstrate just the opposite took place here and therefore prior notice alone does not justify Defendants' destruction of unhoused individuals' personal property. 11

V. THE REMAINING INJUNCTIVE RELIEF FACTORS WEIGH HEAVILY IN PLAINTIFFS' FAVOR

Defendants' opposition concedes that if Plaintiffs establish that they are likely to succeed on their Fourth and Eighth Amendment Claims, irreparable harm is established. *See* Opp'n at 18:6-7. Indeed, "the deprivation of constitutional rights 'unquestionably constitutes irreparable injury." *Melendres v. Arpaio*, 695 F.3d 990, 1002 (9th Cir. 2012). Defendants also do not dispute that when it comes to the civil rights of unhoused individuals, the balance of equities tips *sharply* in their favor such that Plaintiffs may prevail on a preliminary injunction motion by demonstrating even less than a likelihood of success on the merits. *See* Mot. at 25:13-28.

¹¹ Even though the question of adequate notice under the Fourteenth Amendment is not before the Court on this motion, Plaintiffs have presented ample evidence in this record to find that Defendants regularly fail to provide the kind of notice required by due process. Castaño Decl. ¶ 6, 11-12 [2-2]; Frank Decl. ¶¶ 5, 9 [2-15]; Martinez Decl. ¶ 9 [2-20]; Sandoval Decl. ¶¶ 3, 5 [2-21]; Bryant Decl. ¶¶ 5, 15, 21 [4-2]; Brown Decl. ¶ 11 [4-8]; Connick Decl. ¶¶ 3, 5 [4-11]; Dubose Decl. ¶¶ 6, 9 [4-17]; Hill Decl. ¶ 10, 12, 14 [4-31]; Howard Decl. ¶¶ 4-6, 10-11, 15 [4-40]; Hurd Decl. ¶¶ 7, 11 [4-46]; Orona Decl. ¶¶ 9, 12 [4-57]; Partee Decl. ¶¶ 5, 9-10 [4-63]; Solis Decl. ¶¶ 11, 13, 15 [4-69]; Solomon Decl. ¶¶ 4, 7, 9 [4-78]; Vetter Decl. ¶ 9, 12 [4-82]; Reasor Decl. ¶¶ 4, 9; Cobb Decl. ¶¶ 3, 9.

Instead, Defendants offer hollow assertions that San Francisco's policy choices and the
City's need to promote public health and safety suggest that an injunction is against the public
interest. See Lavan v. City of Los Angeles, 693 F.3d 1022, 1033 (9th Cir. 2012) (rejecting assertion
that "the unattended property of homeless persons is uniquely beyond the reach of the
Constitution" and noting that the case did not concern "constrain[ing] municipal governments from
addressing homelessness or maintain[ing] public health and safety"). Plaintiffs do not
challenge the lawful enforcement of any of a litany of laws promoting safe public right of access
or protecting against road and sidewalk hazards. See Mot. at i:19-25 (identifying the specific
ordinances to be enjoined); Lo v. Cnty. of Siskiyou, 558 F. Supp. 3d 850, 871-2 (E.D. Cal. 2021)
(granting preliminary injunction when municipality has other tools to mitigate impacts on public
health and safety). In fact, in many cases, Plaintiffs simply ask the Court to compel Defendants to
follow their own policies. It is always in the public interest for the government to follow both its
own policies and the Constitution. <i>Melendres</i> , 695 F.3d at 1002. That is precisely what Plaintiffs
now request. Defendants simply fail to explain how criminal enforcement against unhoused
individuals purely because they are unhoused legitimately supports the City's interest in
promoting health and safety. See Opp'n at 18:12-18. The implication is that the mere presence of
unhoused individuals is inherently contrary to the public interest. This is simply another example
of Defendants unconstitutionally punishing the homeless for their involuntary status.
VI. CONCLUSION
For the foregoing reasons, the Court should grant the Motion for Preliminary Injunction.
Dated: December 1, 2022 Respectfully submitted,

2 | 3 | An | 4 | and | 5 | Prio | 6 | Un | 7 | of

- 1. I am an Assistant Professor of Sociology at the University of California Los Angeles (UCLA) where my research and teaching centers on homelessness, affordable housing, and the impact of local government policies on homelessness and housing in the United States. Prior to my appointment at UCLA, I was appointed as a postdoctoral fellow at Harvard University's Faculty of Arts and Sciences. I received my Ph.D. in Sociology from the University of California, Berkeley. I also hold a Master's Degree in Social Anthropology from Central European University and a B.A. in Economics from Bard College.
- 2. I previously submitted an Expert Declaration in Support of Plaintiffs' Motion for Preliminary Injunction (the "PI Motion") on September 27, 2022 (the "Initial Expert Declaration"). I have had the opportunity to review Defendants' Opposition to the PI Motion (Dkt. No. 45), and I submit this Supplemental Expert Declaration in support of Plaintiffs' Reply. My qualifications and expertise are laid out in the Initial Expert Declaration.
- 3. My expert opinions contained in my Initial Expert Declaration rely on my expertise regarding San Francisco's response to homelessness and my extensive writing on San Francisco's homelessness crisis in particular. In my Initial Expert Declaration, I also relied in part on Public Records Request data from a variety of San Francisco city agencies dating generally from January 2018 through December 2021 to reach my expert opinions. This public records data had been provided to me by Plaintiffs' counsel—and I understood that it was the extent of the data that San Francisco had made available to Plaintiffs' counsel in time to be analyzed.
- 4. I understand that San Francisco has challenged the expert opinions contained in my Initial Expert Declaration by asserting that the years of data I analyzed (~2018-2021) does not include corresponding data from 2022. However, I understand that San Francisco did not produce the vast majority of relevant 2022 data to Plaintiffs' counsel until after the PI Motion was filed.
- 5. I have prepared this Supplemental Expert Declaration to address the new data from 2022 that has been provided to me since the preparation of my Initial Expert Declaration. I find that the trends I analyzed and the conclusions I reached in the Initial Expert Declaration are

confirmed by this data. I therefore re-iterate my initial findings in full based on the 2022 data, as I describe in the paragraphs below.

Additional Data Reviewed Since the Initial Expert Declaration

- 6. The public data records that was provided to me and that I have further reviewed to prepare this Supplemental Expert Declaration include the following categories of data spanning the indicated periods.
 - Encampment Resolution Schedules and Reports (August 30, 2021 November 8, 2022): San Francisco's encampment resolution reports include information about when and where the City has conducted formal Healthy Streets Operation Center (HSOC) encampment resolutions of homeless individuals. These schedules and reports include information about the total number of unhoused people at the site, as well as other information about the encampment itself.
 - Bag and Tag Logs (January 2022 October 2022): Per City policy, San Francisco's Department of Public Works ("DPW") is required to keep a log of all property of unhoused people taken and stored following a sweep. I reviewed summary logs of DPW's bag and tag records between January September 2022. These summary logs include general information about the amount of property logged and stored by the City each month. For October 2022, I reviewed individual logs that indicated where the property was located when it was removed, what the property was, and information about who it belonged to.
 - Citation and Arrest Logs (January 2022 October 2022). SFPD keeps logs of citations and arrests pursuant to Cal. Penal Code § 647(e) (no lodging on public property without permission) and Cal. Penal Code § 148(a) (willfully resisting city staff, including refusal to comply with a 'move along' order to vacate the premises)—the main quality of life offenses San Francisco regulatory enforces against homeless individuals.
 - Shelter Bed Availability Data (January 2022 to October 2022): The

Department of Homelessness and Supportive Housing (HSH) records the daily shelter bed availability in all shelters and shelter placements throughout the City. This data includes the number of shelter beds expected to be available on a given day, the location of those beds, and the entity to which the shelter beds are assigned.

7. Each of the above-mentioned document categories are documents that I had already received, reviewed, and analyzed for the period from 2018-2021 in reaching the conclusions in the Initial Expert Declaration. I now confirm that those conclusions are not contradicted, and are in fact supported by, the same data sets from 2022.

Supplement to Expert Opinions in Light of 2022 Data

- 8. My expert opinions are supplemented *only* to address and incorporate the 2022 data I recently reviewed. I otherwise stand by my analysis and opinions in the Initial Expert Declaration in all respects. I divide my supplemental analysis of the 2022 data below on an opinion-by-opinion basis for the Court's convenience.
 - A. Regarding Opinion #1: Voluntary access to shelter has been functionally inaccessible to unhoused people in San Francisco since the onset of the pandemic in April 2020 and has long been systematically inadequate for a large portion of the population.
- 9. As San Francisco's 2022 Homeless Count and Survey shows, there are at least 7,754 homeless individuals residing in the City on any single given night—and at least 2,500-4,000 of those individuals are forced to remain unsheltered because San Francisco does not have enough shelter beds to house its unhoused population and its shelter waitlists are closed so that no one can access shelter voluntarily. *See* Initial Expert Declaration, ¶¶ 24-31. I therefore describe that San Francisco operates in a context of extreme shelter scarcity.
- 10. The shelter bed availability reports provided by HSH for January to October 2022 confirm the reality of shelter scarcity. HSH daily reports during this period reflect that generally anywhere from 10 to 50 beds were theoretically available on a given day across the entirety of San Francisco. That is without even addressing whether those shelter placements are in fact available

to unhoused individuals based on their gender, social, and medical circumstances. Regardless, these numbers confirm San Francisco's shelter scarcity. On nights when 3,000+ San Franciscans were unsheltered and sleeping outside in 2022, San Francisco's entire shelter system had only approximately 10 to 50 beds theoretically available for use by that entire population. Meanwhile, voluntary access to even these few shelter beds remains functionally inaccessible to unhoused people. *See* Initial Expert Declaration ¶ 31.

- B. Regarding Opinion #2: HSOC¹ Clears Encampments and Displaces
 Homeless Individuals Despite the Clear Lack of Available Shelter on a Daily
 Basis.
- In my Initial Expert Declaration, I conclude that despite a general context of shelter scarcity across San Francisco and the lack of voluntary access to shelter, the City appears to justify its Healthy Streets Operation Center (HSOC) sweep operations by purporting to hold specific shelter beds open for law enforcement to offer when they threaten unhoused individuals with citation and arrest for sleeping in public. However, I concluded that the City's shelter shortage is so severe that it lacks the capacity to provide sufficient shelter to all homeless individuals it targets with enforcement—and therefore that the City fails to meet even its own more relaxed preenforcement standards. This conclusion was based in large part on a detailed analysis of 2021 data. *See* Initial Expert Declaration ¶¶ 42-43, 57.
- 12. An analysis of the same public records from 2022 shows the same trend. Between January 3, 2022 and November 8, 2022, HSOC Encampment Reports indicate that HSOC conducted formal encampment resolutions on 197 days. Of those 197 days, I received reports of the City's HSOC shelter bed availability allocation for 165 of those days. Of those 165 days, shelter was only available for all unsheltered camp residents evicted by HSOC on 29 days (17.6%). In

2.1

¹ In both the Initial Expert Declaration and Supplemental Expert Declaration, I refer to HSOC as the entity that conducts encampment resolutions. My references to HSOC did not mean to exclude sweep operations conducted by other City agencies, such as DPW, SFPD, or HSH. I use the term interchangeably to refer as a whole to the agencies that are conducting both formal encampment

resolutions and non-HSOC sweep operations.

other words, on 136 out of the 165 days with available data, HSOC did not appear to have a sufficient number of shelter beds to offer all those removed during its removal operations.

- 13. That means that San Francisco failed to meet its own pre-enforcement standard 82.4% (136/165) of the time during HSOC encampment resolutions in 2022. See S.F. Police Code § 169 (the City is required to "offer Housing or Shelter to all residents of the Encampment who are present" and "shall not enforce the prohibition [...] unless there is available Housing or Shelter for the person or persons in the Encampment.") (emphasis added).
- 14. In the table below, I set out each of the dates where encampment resolutions took place, the number of total unsheltered clients who were reportedly present at each encampment when HSOC conducted its sweep operations, and the number of shelter beds available in congregate and non-congregate settings assigned to HSOC for each day an HSOC encampment resolution occurred.²
- 15. Like before, if there was more than one HSOC resolution on a given day, the number of total clients listed in the table below represents the total clients across all resolutions that took place that day. For purposes of analysis, I also again exclude the number of "clients already housed/sheltered" as reported by the HSOC reports from the total number of unsheltered clients at each encampment resolution.

Shelter Bed Shortfall for HSOC Encampment Resolutions, January – October 2022

		TOTAL	
DATE OF ENCAMPMENT RESOLUTION	TOTAL UNSHELTERED CLIENTS ENGAGED	AVAILABLE SHELTER BEDS	% OF REQUIRED SHELTER AVAILABLE
1/5/2022	29	6	21%
1/10/2022	16	8	50%
1/11/2022	14	6	43%
1/18/2022	20	10	50%
1/19/2022	8	5	63%
1/20/2022	7	0	0%

16. Collectively, the chart above identifies that at least 2,239 unhoused people (sum of "total unsheltered clients engaged" for each of the dates identified above) were displaced by HSOC when San Francisco had insufficient shelter to offer the unhoused individuals onsite during the vast majority of sweep operations. It is therefore clear from the above analysis that HSOC continued to displace hundreds of unhoused people without having sufficient shelter assigned to the unit throughout 2022—precisely in line with San Francisco's practice in 2021 as identified in the Initial Expert Declaration.

17. I am aware that San Francisco appears to have admitted that it is justified in only arriving at HSOC sweep operations with 40% of the shelter beds necessary to house all unhoused individuals onsite. In my professional opinion as an academic studying local government responses to homelessness, such resource constraints can often pressure front-line workers to restrict and/or set aside shelter offers based on personal discretions and bias or to engage in other "workarounds" to accomplish supervisors' goals and meet performance metrics, which in the case of HSOC is

27

primarily the removal of tents, property, and persons as well as preventing re-encampment. See Initial Expert Declaration ¶ 52.

- C. Regarding Opinion # 3: HSOC Conducts Police Enforcement Against Homeless Individuals Despite the Lack of Available Shelter, Including Citing and Arresting Individuals During Camp Clearances Even When Adequate Shelter Was Not Available or Offered.
- 18. In my Initial Expert Declaration, I conclude that SFPD police enforcement occurred even when there was no adequate shelter available in San Francisco—relying in part on an analysis of detailed SFPD dispatch, citation, and arrest data from 2021. See Initial Expert Declaration ¶¶ 60-77.
- 19. An analysis of the same public records from 2022 shows the same trend. For example, between January 1, 2022 and October 6, 2022—a period in which the City lacked daily shelter availability for thousands of unhoused residents across the city and unhoused individuals had no voluntary option to seek shelter because all waitlists were closed—SFPD continued to enforce criminal penalties against unhoused individuals for sleeping and lodging outdoors. Collectively, SFPD cited or arrested individuals for illegal lodging under Cal. Penal Code § 647(e), public nuisance under Cal. Penal Code § 372, and for failure to obey a law enforcement order to vacate or "move along" at least 517 times in 2022—with the vast majority of citations and arrests falling under Cal. Penal Code §148(a).³
- 20. The chart below reflects SFPD's own report of the number of citations issued and arrests made against unhoused individuals during the relevant period. The month of October included only partial data from October 1, 2022 – October 6, 2022.

SFPD Citation & Arrest Data January – October 2022

2022	SFPD Citations or Arrests
January	33
February	23

³ This is unsurprising given that SFPD has issued explicit guidance that police officers should issue citations for violations of Cal. Penal Code § 148(a) when the individual refuses to vacate an encampment following a "move along" order. See SFPD Bulletin 19-080 ("officers may cite an individual for violating Penal Code § 148(a), where [...] the individual refuses to vacate an encampment").

21. As noted in my Initial Expert Declaration, these reports of citations and arrests are almost certainly a massive undercount of enforcement and do not reflect the likely thousands of "move along" orders SFPD issues against unhoused individuals across San Francisco that force them to leave a given area under threat of citation or arrest. *See* Initial Expert Declaration ¶¶ 71-73.

22. This data is consistent with recent reporting that San Francisco's new District Attorney has increased "public order" enforcement—including enforcement of San Francisco's "sit-lie" ordinance that criminalizes unhoused residents for sitting or sleeping in public—by about 20%.

23. I have also performed the same specific snapshot across different data sets from 2022 that I performed in the Initial Expert Declaration with data from 2021. See Initial Expert Declaration ¶ 74-77. By comparing the dates on which the City conducted an HSOC enforcement resolution between January and October 2022 with the dates where the City lacked sufficient shelter bed availability for an HSOC encampment resolution (see supra Opinion #2), I determined that SFPD officers issued citations and arrests against unhoused individuals for lodging without permission, maintaining a public nuisance, or failure to obey a police officer on at least 109 of those 136 days (80.14%) even though there were not enough shelter beds available.

⁴ Susie Nielsen, Are S.F. police behaving differently under Brooke Jenkins than under Chesa Boudin? Study finds immediate shift, San Francisco Chronicle (Nov. 2, 2022), www.sfchronicle.com%2Fcrime%2Farticle%2Fbrooke-jenkins-sf-policing-17550839.php ("Also in the 45 days after Jenkins was sworn in, officers made 10 additional "public order" stops per day, a 20% increase, according to the analysis conducted by an economist from New York University's Public Safety Lab in partnership with The Chronicle. Public order stops include those related to vandalism, illegal dumping, soliciting sex, trespassing and sit-lie ordinances, which prohibit individuals from sitting or lying on city sidewalks between 7 a.m. and 11 p.m.") (emphasis added).

- I have reviewed San Francisco's challenge that I did not expressly "correlate police activity to HSOC encampment resolutions" in my Initial Expert Declaration although I noted that it may be possible to do so. *See* Dkt. No. 45 at 17; *see also* Initial Expert Declaration ¶ 59, 75. First, I will note that the SFPD citation and arrest records from 2021 note location by approximate street and cross street in a way that does not neatly line up with the address information in HSOC's encampment resolution reports. As such, an individualized comparison was not readily feasible and would be extremely time consuming to perform. Second, no such analysis is possible at all for the period between January to October 2022 as the SFPD data provided to me does not contain any information related to the location of each citation and arrest.
- 25. Furthermore, it would likely be difficult to *confirm* that a citation or arrest was associated with a particular HSOC encampment resolution without reviewing the individual SFPD citation or arrest incident reports, which I understand have not been provided by the City.
- 26. Additionally as I discuss in my initial declaration, during my own fieldwork, I regularly observed that officers did not offer specific individuals shelter prior to enforcement. In other cases when shelter was offered it was absurdly inadequate (such as offers for single-day stays requiring the forfeiture of nearly all personal property).
- 27. However, even a cursory review of the HSOC encampment reports and SFPD citation and arrest records for January to June 2021, do appear to show a relationship between several citation and arrest records with an HSOC encampment resolution on that day. For example, on April 26, 2021, SFPD issued a Lodging without Permission citation at Dore Street and Bryant Street. That same day, HSOC conducted an encampment resolution near "Showplace Square including Dore/Bryant." It also appears that citations for violations of Cal. Penal Code § 148(a) issued on January 28, 2021 and January 6, 2021 relate to HSOC encampment resolutions conducted on those days based on the stated locations of the citation and encampment resolution—with reported locations for both HSOC resolutions and arrests near San Bruno Avenue and Eddy Street, respectively. Indeed, this comparison is hampered by the fact that SFPD citation and arrest records generally only provide information on the *intersection* where a resolution takes place, while HSOC encampment resolution report the numbered address of the incident.

28. Regardless, SFPD's citation and arrest data records related to enforcement against unhoused individuals need not be tied to a formal HSOC encampment resolution to reflect that San Francisco is enforcing against unhoused individuals without shelter. For example, and as identified in my Initial Expert Declaration, SFPD regularly issues "move-along" orders to unhoused individuals under threat of citation or arrest in response to 311 dispatch calls whether or not any other agency is present to make a shelter offer in the first place. Initial Expert Declaration ¶¶ 59, 60-62, 64. These non-HSOC sweep operations are commonplace and would take place at different locations across the City regardless of where any formal HSOC sweep operations are occurring. *See id*.

- D. Regarding Opinion # 4: HSOC Engages in Widespread Property Destruction
 Instead of Appropriately Safeguarding and Storing the Property of
 Unhoused Individuals in Accordance with Federal Guidelines.
- 29. In my Initial Expert Declaration, I stated that the City is failing to record the collection and storage of unhoused individuals' property following encampment resolutions and engages in widespread property destruction when it interacts with unhoused individuals. I reach this conclusion based on my extensive field research, direct observations, field surveys, a review of the various individual declarations in this case, and academic literature I have authored regarding San Francisco's responses to the property of unhoused people. Initial Expert Declaration ¶¶ 87-89. My conclusions are also reached in part based on a more detailed review of DPW Bag and Tag logs from 2016-2021. *Id.* ¶¶ 83-86.
- 30. An analysis of DPW bag and tag logs dated between January to October 2022 demonstrate the same pattern. Below, I have identified the number of bag and tags logged by DPW between January to October 2022. These totals are based on the number of tags recorded on DPW's monthly summary sheets. For October 2022, the number of DPW bag and tag logs is based on the actual number of bag and tag sheets submitted by DPW and provided to Plaintiffs' counsel. But there is a significant disparity between the number of bag and tags and the number of clients affected monthly HSOC encampment resolution. For example, In October 2022, City public records indicate that HSOC conducted at least 32 formal encampment resolutions affecting 335

9

6

10

13

15

18 19

20 21

22

23 24

25

26 27

28

unhoused individuals who were ordered to move away from the encampment. Yet, in October 2022, DPW only recorded 47 bag and tag forms.

31. The below table compares the number of bag and tags logged by DPW with the total number of clients at HSOC encampment operations per month. The month of September included only partial data from September 3 to September 13, 2022.

DPW Bag and Tag Logs: January - October 2022

2022	DPW Logged Bag
	and Tags
January	27
February	35
March	50
April	36
May	28
June	42
July	37
August	71
September	12*
October	47
Total	237

- 32. The disparity between the sheer number of people subjected to encampment resolutions and the number of logged bag and tags by DPW suggests that San Francisco continues to fail to comply with its bag and tag policies during interactions with individuals experiencing homelessness. This analysis also does not take into account non-HSOC sweep activity conducted by DPW and SFPD on a daily basis that is not captured in HSOC encampment resolution data. See Initial Expert Declaration ¶ 86. This is fully consistent with the findings in my Initial Expert Declaration. Id. ¶¶ 80-89.
- 33. I am aware that San Francisco has suggested I do not have a "valid basis nor competence" to address whether the City has complied with its own Bag and Tag policies. Dkt. No. 45 at 17. Respectfully, my opinion is based not only on the City's own publicly available data but also based on my extensive experience researching, conducting field work, conducting surveys with unhoused San Franciscans, and publishing in academic journals regarding San Francisco's treatment of the property of unhoused individuals. My extensive academic work on precisely this

issue directly informs the basis for my opinions on these matters. See Initial Expert Declaration. *Id.* ¶¶ 9-18, 87-89. I declare under penalty of perjury that the contents of this declaration are true and correct to the best of my knowledge, and that I executed this declaration on November 30, 2022 in Los Angeles, California. DECLARATION OF ZAL K. SHROFF

I, Zal K. Shroff, hereby declare as follows:

- 1. I am a Senior Staff Attorney with the Lawyers' Committee for Civil Rights of the San Francisco Bay Area ("LCCRSF"). I am also counsel of record for the Coalition on Homelessness (the "Coalition"), Toro Castaño, Sarah Cronk, Joshua Donohoe, Molique Frank, David Martinez, Teresa Sandoval, and Nathaniel Vaughn in the above-captioned action. I am admitted to practice before this Court *pro hac vice* in the above-captioned matter.
- 2. I submit this Declaration in support of Plaintiffs' Reply in support of Plaintiffs' Motion for Preliminary Injunction (the "PI Motion"). I have personal knowledge of the facts set forth herein, and if called as a witness, could and would testify competently to them.

I. WITNESS DECLARATIONS

3. LCCRSF has assisted the Coalition, its volunteers and staff, and several unhoused individuals in preparing declarations that document their direct observations of property destruction and criminalization of involuntary homelessness in San Francisco since Plaintiffs filed the instant PI Motion. I spearheaded this effort with assistance from a series of legal fellows and law clerks. After the PI Motion was filed, Plantiffs' counsel was also contacted by two former City employees who wished to share their direct observations. Each of these declarations are described below.

A. Declarations from the Coalition on Homelessness' Recent Monitoring Efforts

- 4. Attached as **Exhibit 1** is a true and correct copy of a declaration executed by Christin Evans, a Coalition volunteer, on November 29, 2022 and submitted in support of Plaintiffs' Reply in support of the PI Motion.
- 5. Attached as <u>Exhibit 2</u> is a true and correct copy of a declaration executed by Ian James, a Coalition staff member, on November 30, 2022 and submitted in support of Plaintiffs' Reply in support of the PI Motion.
- 6. Attached as **Exhibit 3** is a true and correct copy of a declaration executed by Dylan Verner-Crist, ACLU lead investigator, on November 30, 2022 and submitted in support of Plaintiffs' Reply in support of the PI Motion.

1	7. Att	eached as Exhibit 4 is a true and correct copy of a declaration executed by
2	Jennifer Friedenba	ach, the Executive Declaration of the Coalition on Homelessness, on November
3	30, 2022 and subn	nitted in support of Plaintiffs' Reply in support of the PI Motion.
4	B. <u>De</u>	clarations from Unhoused Persons
5	8. Att	rached as Exhibit 5 is a true and correct copy of a declaration executed by Toro
6	Castaño, one of the	he Individual Plaintiffs in this action, on November 4, 2022 and submitted in
7	support of Plaintif	fs' Reply in support of the PI Motion.
8	9. Att	eached as Exhibit 6 is a true and correct copy of a declaration executed by Darrah
9	Reasor, a current	ly unhoused individual, on October 28, 2022 and submitted in support of
10	Plaintiffs' Reply is	n support of the PI Motion.
11	10. Att	eached as Exhibit 7 is a true and correct copy of a declaration executed by JD
12	Cobb, a currently	unhoused individual, on October 28, 2022 and submitted in support of Plaintiffs'
13	Reply in support of	of the PI Motion.
14	11. Att	ached as Exhibit 8 is a true and correct copy of a declaration executed by Joseph
15	Williams, a curren	ntly unhoused individual, on November 18, 2022 and submitted in support of
16	Plaintiffs' Reply is	n support of the PI Motion.
17	C. <u>De</u>	clarations from Former City of San Francisco Employees
18	12. Att	eached as Exhibit 9 is a true and correct copy of a declaration executed by
19	Andrinna Malone	, a former employee of the City's Department of Public Works, on November
20	29, 2022 and subm	nitted in support of Plaintiffs' Reply in support of the PI Motion.
21	13. Att	ached as Exhibit 10 is a true and correct copy of a declaration executed by Kaki
22	Marshall, a forme	r employee of the City's Department of Homelessness, on November 30, 2022
23	and submitted in s	support of Plaintiffs' Reply in support of the PI Motion.
24	II. DOCUMI	ENTARY EVIDENCE
25		LCCRSF Public Records Requests
26	14. LC	CRSF issued public records requests to various San Francisco city agencies
27	including the San	Francisco Department of Public Works, San Francisco Police Department,
28	Department of H	Iomelessness and Supporting Housing, and the Department of Emergency 2

Management in the days leading up to the filing of Plaintiffs' PI Motion. These public records requests addressed the City's response to homeless encampments and treatment of unhoused individuals, including requests for records pertaining to criminal enforcement, property storage/destruction, shelter availability, and scheduled sweep operations throughout the City—particularly for the time period of 2021-2022.

- 15. LCCRSF legal fellow Hadley Rood submitted these records requests on behalf of LCCRSF under my supervision, and we collected all responsive documents provided by City agencies. LCCRSF sent or received the following relevant documents.
- 16. Attached hereto as <u>Exhibit 11</u> is a true and correct copy of a Public Records Request submitted by LCCRSF to the Department of Public Works, dated September 13, 2022.
- 17. Attached hereto as **Exhibit 12** is a true and correct copy of summary "Bag and Tag" logs produced by the Department Public Works dated between January 2022 to September 2022 in response to the Public Records Request filed by LCCRSF on September 13, 2022.
- 18. Attached hereto as **Exhibit 13** is a true and correct copy of the San Francisco Police Department's response to LCCRSF's Public Record Request, which was prepared October 6, 2022.
- 19. Attached hereto as **Exhibit 14** is a true and correct copy of an excel file entitled "P83977_LCCR" produced by the San Francisco Police Department in response to a Public Records Request filed by LCCRSF on September 13, 2022.
- 20. Attached hereto as **Exhibit 15** is a true and correct copy of a Public Records Request submitted by LCCRSF to the Department of Homelessness and Supportive Housing, dated September 13, 2022.
- 21. Attached hereto as **Exhibit 16** is a true and correct copy of San Francisco's daily shelter allocation for the period of approximately January 2022 to mid-October 2022 produced by the Department of Homelessness and Supportive Housing in response to LCCRSF's Public Record Requests.

27

1	Records Produced by Defendants
2	22. On November 7, 2022, this Court ordered Defendants to produce certain records to
3	the extent Defendants relied on those records in opposition to Plaintiffs' Motion for Preliminary
4	Injunction. See Dkt. No. 44.
5	23. Attached hereto as Exhibit 17 is a true and correct copy of HSOC encampment
6	reports for the period from August 30, 2021 to November 8, 2022 produced by Defendants on
7	November 17, 2022, bearing Bates stamps, CCSF_COH_PI_HSOC_000460 to
8	CCSF_COH_PI_HSOC_000470.
9	III. PARTIES' CORRESPONDENCE
10	24. Attached hereto as Exhibit 18 is a true and correct copy correspondence between
11	the parties between the period of November 7, 2022 and November 29, 2022 discussing
12	Defendants' failure to provide notice of certain sweep operations taking place on November 6,
13	2022 and November 7, 2022, as well as Defendants' refusal to produce unredacted SFPD reports
14	that would aid Plaintiffs' counsel in effectively monitoring SFPD's interactions with unhoused
15	individuals.
16	IV. OTHER MATERIAL
17	25. On November 14, 2022, Leslie Dreyer's video documentary series—called <i>Stolen</i>
18	Belonging—released yet another episode revealing recent interviews with several unhoused
19	individuals and City workers regarding the seizure and destruction of unhoused people's property.
20	The newest release can be found here: https://youtu.be/z-LHy9mZ30o .
21 22	I declare under penalty of perjury that the foregoing is true and correct, and that I executed this declaration on December 1, 2022 in San Francisco, California.

SUPPLEMENTAL DECLARATION OF CHRISTIN EVANS

I, Christin Evans, hereby declare pursuant to 28 U.S.C. § 1746:

2.1

- 1. All facts set forth in this declaration are based upon my personal knowledge, and, if called upon to testify as to the truth of these facts, I could and would competently do so.
- 2. I am a volunteer with the Coalition on Homelessness ("COH" or "the Coalition"). As part of my volunteer work with the Coalition, I regularly monitor San Francisco's Healthy Streets Operation Center ("HSOC") encampment resolutions and have personally witnessed over 50 encampment resolutions.
- 3. I previously submitted a declaration regarding my observations of the City's encampment resolutions and treatment of unhoused people and their property. I submit this further supplemental declaration regarding my direct observations at HSOC encampment resolutions that took place in 2022. In a typical week, I try to observe one to two formal HSOC encampment resolutions or informal sweep operations (i.e. where SFPD or DPW remove unhoused people or their property in response to daily dispatches based on complaint and/or during the City's daily street cleaning operations). Below I have memorialized several sweeps of unhoused people from 2022, including three instances from after September 2022 when I understand this case was filed.

Observations at HSOC and Other Encampment Resolutions

A. March 14, 2022: Myrtle and Polk Streets

- 4. On March 14, 2022, I was conducting outreach in San Francisco around noon when I spoke with an unhoused individual who had just been swept by the City. He had been staying at Myrtle and Polk Streets. When this man spoke to us, he was desperate and exhausted. He had a disability and had difficulty walking, so he used a cane or a wheelchair for mobility. When we spoke with him, he was leaning against a pole to stand.
- 5. Enforcement Without Shelter Offer: The individual reported that he had not been offered shelter during the sweep. After speaking with the individual, I advocated directly with Mark Mazza of HSH for a shelter placement that day—and Mark Mazza eventually sent the Street Wellness Response Team (SWRT) to check in with him. However, Mark Mazza informed me

6. Property Destruction: This individual reported to us that the City had thrown out his tent, his tarp, and his electric wheelchair.

В. March 18, 2022: Shotwell and 25th

- 7. On March 18, 2022, I observed an HSOC encampment resolution. SFFD, SFPD, DPW, SFMTA, and HOT were all present and conducted the resolution. I arrived to the site at approximately 7:00 AM.
- 8. Lack of Shelter Offers: One couple was interested in shelter, but only one of them was present when the sweep began. I explained the situation to Mark Mazza, the HOT supervisor, who said that he could make a shelter offer to both of them if the other member of the couple returned within the next few hours. The man present at the time left to search for his partner. He returned before the sweep concluded, but his partner had not yet returned. No offer of shelter was extended to either of them on that day. I followed up with this couple via text and learned that they were denied shelter because there were no couple shelter spaces available for several weeks at the time the sweep occurred.
- 9. Property Destruction: At least one individual's belongings were taken during this sweep. One unhoused individual had momentarily stepped away from the site, but a housed neighbor told the SFFD captain and me that she knew the homeless man the items belonged to and that he planned to return. She asked if his items could be bagged and tagged. The SFFD captain refused, saying that, because the items were unattended, they would be disposed of by DPW. The housed neighbor asked again, and the captain allowed her to store some of the man's belongings in her garage. However, DPW still disposed of some of his personal belongings, including some shelving and containers of what appeared to be food.
- 10. I also witnessed the SFFD captain dragging a momentarily unattended tent out of an alley and throwing it into a DPW truck with the assistance of a DPW worker—with no apparent attempt to bag and tag the tent or anything inside it. The man who had left the sweep temporarily

to find his partner to try and secure shelter had the same experience. I watched as DPW disposed 1 2 of several of his belongings in his absence. 3 C. June 3, 2022: Embarcadero, Near the Ferry Building 11. 4 On or about May 31, 2022, Mayor London Breed tweeted publicly calling for tents 5 near the ferry building on the Embarcadero to be swept. I and other members of the Coalition connected with the individuals who were staying there in the following days. Approximately 12 6 7 individuals were camping in this area. 8 12. Enforcement Without Shelter Offers: We learned that members of HOT conducted 9 outreach to individuals on the evening of Thursday, June 2, 2022. They took down names of 10 individuals who were interested in a shelter bed, but they had no concrete offers to give. 11 Nonetheless, DPW and SFPD conducted a sweep the next morning, Friday, June 3, 2022, at 5:30 12 AM. SFPD Officer Collins ordered everyone to leave the area. Individuals reported having their 13 belongings taken by the City. HOT was not present, and no offers of shelter were actually given. 14 13. Improper Notice: When I followed up with the HOT team about this sweep 15 operation, I was told by a member of HOT that they had originally planned to return on 16 Saturday—not Friday—to post a formal notice of the resolution. However, no notice was posted, 17 and the encampment was swept early on Friday morning without following this procedure. D. 18 October 27, 2022: Baker & Fell 19 14. On October 27, 2022, I observed an HSOC encampment resolution scheduled to 20 take place at Baker and Fell at 1:00 PM. I arrived at the location of the encampment resolution 2.1 approximately five to ten minutes before the resolution began. When I arrived at the encampment, 22 I observed 4 unhoused individuals who were present at the encampment. At least 21 City employees from the SFPD, DPW, HOT, SFFD, and SFMTA conducted this encampment 23 24 resolution. 25 15. Property Destruction: During this operation, DPW employees discarded an

individual's momentarily unattended tent and with survival belongings inside the tent. The

belongings inside the tent included a tarp with clean linens, a backpack, and prescription

medicine. I did not see the City attempt to bag and tag any of this property before throwing it into

26

27

indiscriminately into a dumpster truck.

E. October 28, 2022: King Between 4th & 5th Street

- 16. On October 28, 2022, I observed an HSOC encampment resolution scheduled to take place at King between 4th and 5th Street at 7:00 AM. I arrived at the location of the encampment resolution approximately five to ten minutes before it began at 7:20AM.
- 17. When I arrived at the encampment, I observed 4 unhoused individuals present. At least 16 City employees from SFPD, DPW, HOT, SFFD, SFMTA, DPH, and HSH conducted this encampment resolution.
- 18. Police Operations Before Any Shelter Offers: SFPD officers arrived at the encampment around 7:20 AM and began ordering unhoused individuals to pack up their belongings and prepare to leave the encampment. No City employees made any offers of shelter to the unhoused individuals prior to the SFPD officers beginning to conduct their enforcement operations.
- 19. Lack of Shelter Offers: I observed that HOT employees failed to offer shelter to 2 of the 4 unhoused individuals at the encampment. While one of the individuals had already left the area after being told to "move along" by SFPD, HOT deemed the second individual ineligible for shelter because HOT claimed that he arrived only after HOT had begun determining shelter needs. However, in reality, he had been ordered to leave the encampment by SFFD and SFPD while HOT was absent and before any shelter offer had been given. When he returned to the encampment after HOT had begun its initial assessments, HOT declared him ineligible to receive shelter that day.
- 20. Property Destruction: After one of the other individuals present accepted an offer of shelter, she set aside certain belongings that she learned she could not take with her into shelter for space reasons. Although she asked the SFFD commander not to discard these items and to store them instead, DPW employees instead began to throw out all of her belongings. I advocated for her items to be bagged and tagged, but DPW still threw out about half of her belongings, including a blue cart, some shelving, a tarp, and a blanket.
 - 21. During this operation, I also experienced harassment from the SFFD commander,

1	identified as Patrick. He heckled me during the sweep, telling me to "stay in [my] lane" and		
2	calling the Coalition on Homelessness the "Worthless Coalition."		
3	F. November 6, 2022: Clayton and Fell Streets		
4	22. I was contacted by two members of the public who informed me that a sweep had	1	
5	occurred the morning of November 6, 2022 at Clayton and Fell Streets. They reported that only	Į	
6	DPW and SFPD were present.		
7	23. Noticing Issues: I reviewed a photo of the notice that was posted at the site. It	t	
8	stated that it was notice posted on November 4 and indicated that the sweep would occur or	1	
9	November 8, 2022 at 240 Clayton Street. However, DPW and SFPD apparently came two days	S	
10	before the posted date, on November 6, 2022.		
11	24. Enforcement Without Shelter Offers: I learned from the individuals onsite that	t	
12	there had been four tents when the sweep began, and that the residents of all the tents were forced	1	
13	to move by SFPD. However, no shelter offers were given to the individuals at the site because	3	
14	HOT was not present during the sweep.		
15			
16	I declare under penalty of perjury that the contents of this declaration are true and correct to the	3	
17	best of my knowledge, and that I executed this declaration on November 29, 2022 in Sar	1	
18	Francisco, California.

SUPPLEMENTAL DECLARATION OF IAN JAMES

I, Ian James, hereby declare pursuant to 28 U.S.C. § 1746:

2.1

- 1. I currently serve as the Organizing Director for the Coalition on Homelessness ("COH" or "the Coalition"). All facts set forth in this declaration are based upon my personal knowledge, and, if called upon to testify as to the truth of these facts, I could and would competently do so.
- 2. I previously submitted a declaration regarding my observations of the City's encampment resolutions and treatment of unhoused people and their property. I submit this further supplemental declaration regarding my direct observations at HSOC encampment resolutions that took place in October and November 2022—and for which the Coalition was given notice pursuant to this Court's order requiring 72-hour written notice to Plaintiffs.

Recent Observations at HSOC Encampment Resolutions

A. October 24, 2022: Caesar Chavez & Valencia

- 3. On October 24, 2022, I observed an HSOC encampment resolution scheduled to take place at Caesar Chavez & Valencia at 7:00 AM. I arrived at the location of the encampment resolution at approximately 7:00 AM. When I arrived at the encampment, I observed 9 unhoused individuals who were present at the site. At least 19 City employees from the SFPD, DPW, HOT, SFFD, and DPH conducted this encampment resolution. I observed that DPW had brought at least two dumpster trucks with them.
- 4. DPW Operations Prior to Any Shelter Offers: Around 7:15 AM, the HOT team began "assessing" unhoused individuals for shelter and informing them that they were required to depart the area. However, the HOT team did not offer any individuals shelter at this time. The HOT team did not give concrete shelter offers until around 9:00 AM. However, DPW began conducting removal operations around 8:30 AM, requiring individuals to pack up their belongings and depart and grabbing at unhoused people's belongings. None of the unhoused individuals received an offer of shelter prior to DPW beginning their enforcement operations. Furthermore, even after several individuals were eventually offered and accepted a spot at a safe sleeping village (i.e. not a shelter at all because not indoors)—and after the City had watched them pack

up all of their belongings—the City team informed them that they could only take two bags of their property with them. The rest would be discarded and destroyed—not bagged and tagged. When the few individuals who had been given this offer were told that they would have to give up their belongings, they chose to decline the outdoor sleeping village to safeguard their critical survival belongings.

B. <u>October 27, 2022: 16th Street & Capp</u>

- 5. On October 27, 2022, I observed an HSOC encampment resolution scheduled to take place at 16th Street and Capp at 7:00 AM. I arrived at the location of the encampment resolution at approximately 7:00 AM. When I arrived at the encampment, I observed 11 unhoused individuals who were present at the site. At least 21 City employees from the SFPD, DPW, HOT, SFFD, and DPH conducted this encampment resolution, supported by 1 pressure washer truck.
- 6. Lack of Any Shelter Offers: Around 7:30 AM, I observed the HOT team begin informing unhoused individuals at the encampment that they had to depart the area. No shelter offers were made at this time. At approximately 8:30 AM, one hour after the HOT team had ordered individuals to depart and DPW had begun their removal and cleaning operations, I observed the HOT team make a shelter offer to only one unhoused person out of the eleven present. That one person subsequently waited two hours for a written referral and transportation to shelter. However, no written referral or transportation ever arrived, and at 10:30 AM—2 hours later—she departed the area. Of the 11 individuals who were present at the site and ordered to pack up and depart the area by the City, this was the *only* individual who I observed receive a shelter offer from the HOT team. No one else appeared to receive a shelter offer from the HOT team at all.

C. November 3, 2022: 18th Street & Harrison

7. On November 3, 2022, I observed an HSOC encampment resolution scheduled to take place at 18th Street and Harrison at 7:00 AM. I arrived at the location of the encampment resolution at approximately 6:55 AM. When I arrived at the encampment, I observed 13 unhoused individuals present at the site. At least 23 City employees from the SFPD, DPW, HOT, SFFD, and HSH agencies conducted this encampment resolution, supported by at least 3 DPW pressure

washer trucks.

2.1

- 8. Lack of Shelter Offers: Around 7:10 AM, I observed the HOT team begin informing individuals at the encampment that they were required to depart the area. No shelter offers were made at this time. With no shelter offer and under threat of enforcement, many individuals departed the area before HOT knew their shelter availability for the day. At approximately 8:10 AM, the DPW team arrived and gave individuals only about 20 minutes to pack and leave. At 8:30 AM, DPW began conducting removal operations. At approximately the same time, the HOT team began making shelter bed offers. However, of the 13 unhoused individuals originally present, I observed that the HOT team only made shelter offers to three individuals.
- 9. *Harassment:* While observing this encampment resolution, I experienced harassment from the SFFD Captain, identified as Patrick, and the HOT team. The HOT team stood in a line next to me to mock my presence and the SFFD Captain stated that "one of these things is not like the other." When I attempted to take a photo of this harassment, the HOT team dispersed and moved away.

D. November 9, 2022: Willow & Van Ness

- 10. On November 9, 2022, I observed an HSOC encampment resolution scheduled to take place at Willow and Van Ness at 7:00 AM. I arrived at the location of the encampment resolution at approximately 7:00 AM. When I arrived at the encampment, I observed approximately 32 unhoused individuals present. At least 22 City employees from SFPD, DPW, HOT, SFFD, HSH, and DPH conducted this encampment resolution, supported by at least 3 DPW dumpster trucks and 2 power washer trucks.
- 11. Lack of Posted Notice: I did not observe that the City posted notice regarding the encampment resolution anywhere near the encampment prior to the resolution taking place. I spoke with individuals present at the site and confirmed that they had not seen any notice posted.
- 12. Lack of Shelter Offers: The HOT team only started offering shelter beds to individuals at 8:40 AM, when they learned about the shelter beds that were available that day. In my observation, of the 32 individuals present, the HOT team only made shelter offers to 3

individuals. Furthermore, I observed one individual inform HOT that they wanted shelter, but the 1 2 HOT team refused to provide a shelter offer to that individual because they could not produce 3 any valid form of identification. Ε. November 17, 2022: Isis Street & Division 4 13. On November 17, 2022, I observed an HSOC encampment resolution scheduled 5 to take place at 12th and Howard at 7:00 AM. I arrived at the location of the encampment 6 7 resolution as it was reported to the Coalition at 7:00 AM. However, when I arrived, there was no 8 resolution taking place at that location. 9 14. It was only after an hour that I came upon the actual resolution, which was 10 occurring at Isis Street and Division. When I arrived, I observed approximately 9 unhoused 11 individuals who were present at the site. At least 24 City employees from SFPD, DPW, HOT, 12 SFFD, and SFMTA conducted this encampment resolution. 13 15. Enforcement Without Shelter Offers: I observed that the City did not offer anyone 14 present at the site shelter on this occasion. Nonetheless, individuals were told to move along starting at 7:00 AM. When DPW finished power washing the area around 8:45 AM, there was 15 16 still one individual present who was trying to pack up his belongings. SFPD, SFFD, and HOT 17 remained for over an hour waiting until the individual, with nowhere else to go, moved across the 18 street. At one point, six police officers were standing around their police car close by the person's 19 tent while he packed up to move, in an apparently intimidating manner. 20 21 I declare under penalty of perjury that the contents of this declaration are true and correct to the 22 best of my knowledge, and that I executed this declaration on November 30, 2022 in San Francisco, California. 23 (Alp) 24 25 Ian James 26 27 28

DECLARATION OF DYLAN VERNER-CRIST

- I, Dylan Verner-Crist, hereby declare pursuant to 28 U.S.C. § 1746:
- 1. My name is Dylan Verner-Crist. All facts set forth in this declaration are based upon my personal knowledge, and, if called upon to testify as to the truth of these facts, I could and would competently do so.
- 2. I am the lead investigator at the ACLU of Northern California. In my role, I conduct factual investigations of civil rights violations, often in support of impact litigation cases. As part of my investigatory work, I regularly find and interview prospective clients and witnesses, review public records and other documents, conduct fieldwork, and author investigative reports and declarations summarizing my findings.
- 3. At the ACLU of Northern California, I have been part of numerous litigation and policy teams regarding the treatment of unhoused people. This has included the public right to view and videotape homeless encampment sweeps, the right of unhoused people to be free from the criminalization of homelessness, and the right of unhoused people to possess and safeguard their personal property.
- 4. As part of my work, I have observed encampment sweeps in multiple municipalities, interviewed over one hundred unhoused people regarding their experiences during encampment sweeps, and analyzed numerous documents regarding encampment sweep policies and practices in municipalities across Northern California.
- 5. Beginning the week of October 24, 2022, pursuant to a court order, Plaintiffs' Counsel and the Coalition on Homelessness received notification for all large-scale Healthy Streets Operation Center ("HSOC") encampment resolutions, enabling Coalition members and Plaintiffs' counsel to more consistently observe these preplanned sweeps.
- 6. In response to this reporting by the City of San Francisco ("City"), I began acting as a monitor of the City's conduct. I attended the City's sweeps of encampments on October 26, 2022; October 31, 2022; and November 14, 2022. Below are my observations of the sweeps that I attended.

A. October 26, 2022 HSOC Resolution: Barneveld Avenue and Jerrold Avenue

- 7. The first sweep I attended, on October 26, 2022, was described by the City as planned for "Barneveld Avenue and Jerrold Avenue, and the surrounding areas" at 1 PM that day. I arrived at Barneveld and Jerrold at approximately 1:05 PM.
- 8. At approximately 2 PM, Department of Public Works ("DPW") workers began going through the encampment and throwing away unhoused peoples' property. From what I observed, unhoused people in the encampment were continuing to pack up their belongings as DPW workers picked up materials without asking the unhoused people present what items they wanted to keep and what items should be discarded. The workers loaded a large number of obviously personal items into their dump trucks, including numerous bikes, peoples' clothing, food, sleeping items, and suitcases—all of which appeared to be individuals' survival belongings. A true and correct copy of a photo of a DPW truck containing furniture and other property is attached hereto as **Exhibit A**.
- 9. After City workers had loaded a number of bikes into the back of a DPW work truck with no apparent attempt to bag and tag them, one of the unhoused people approached the DPW workers and told them that she wanted to take one of the bikes, as it belonged to a friend of hers and she wanted to save it for them. A true and correct copy of a photo of the truck with the bikes in the back is attached hereto as **Exhibit B.** The City workers at first told the woman that she could not take the bike, but after she pressed with me looking on the workers agreed to let her take the bike. Had it not been for her pleading and/or my presence, I believe DPW would have confiscated or destroyed this bike along with other unhoused peoples' other belongings.
- 10. I saw another man in the encampment standing near a large grouping of belongings. I asked him whether they belonged to him. He told me no and said that they belonged to his friend, who was not there. He did not know where his friend had gone or whether his friend knew about the sweep. Shortly thereafter, the DPW workers approached to dispose of the absent man's belongings. A true and correct copy of a photo showing a DPW worker standing next to these belongings is attached hereto as **Exhibit C.** As shown in the photo, the items are arranged in a cart suggesting they were not abandoned.

- 11. The workers then began taking the absent man's belongings and throwing them into their trucks. I asked the workers whether they were going to throw out all the man's belongings. After my question, the DPW workers agreed to leave a small portion of the man's belongings there for him to collect. A true and correct copy of a photo showing the property the DPW workers agreed to leave is attached hereto as **Exhibit D.** As the photo shows, the belongings that the workers agreed to leave are only a small fraction of the man's belongings. Without my presence at the sweep, I doubt that the City would have preserved these belongings.
- 12. I did not witness the City bag and tag or preserve *any* belongings for storage at this sweep, nor did I observe any City workers offer unhoused people the option of bagging and tagging their property for later pickup.

B. October 31, 2022: Ellis Street from Larkin to Jones

- 13. The next sweep I attended, on October 31, 2022, was described by the City as planned for "Ellis St. from Larkin St. to Jones St" at 7 AM that day. I arrived at the described location a few minutes before 7 AM.
- 14. I immediately went to see whether the City had correctly provided notice of the sweep. Though notice was posted in some areas, there were several clusters of tents where no notice was posted, but they were nonetheless subject to the sweep that day. At 7 AM, I counted five groups of tents. From my count, there were a total of fourteen tents in these groups; these tents were occupied by approximately 27 unhoused people.
- 15. One group consisted of two tents on the northern side of Ellis just east of Hyde Street. I did not see any notice posted on or near these tents. There were two occupants of these tents. I asked them whether they had received notice of the sweep. They told me that a San Francisco Police Department ("SFPD") officer had come by their tent the previous Friday and told them that they would have to move on Monday. The occupants said that they had informed the SFPD officer that the apartment residents abutting their tent allowed them to stay at the location as long as they kept their area clean. Per the occupants, the officer then told them that they could stay in their current location on Monday and would not have to move.
 - 16. Later that morning, at approximately 9 AM, I returned to talk to these two

11 12

10

13 14

15

17

16

18 19

20 2.1

22

23 24

25

26 27

28

come by and told them that they would need to move—notwithstanding what the previous SFPD officer had told them. As I watched, they hurriedly packed up their belongings and left the area in search of a new place to sleep. 17. The last group of tents was outside the described noticed area. This group

- consisted of three tents on the 700-800 block of Ellis Street between Larkin Street and Polk Street. There was no notice posted on this block. I watched as San Francisco Fire Department ("SFFD"), SFPD, and Homeless Outreach Team ("HOT") workers told the occupants of these tents that they would have to move from their current location.
- 18. Obvious Lack of Shelter: During this sweep, I observed serious problems with the City's shelter offerings. While HOT workers began talking to unsheltered occupants at approximately 7:30 AM, these occupants all reported to me afterwards that the HOT workers did not know whether they had any shelter beds to offer them and, furthermore, that the HOT workers would not know whether there were any shelter beds available until at least 9 AM. At the same time, I observed HOT workers telling the unhoused people that they would have to move. A number of unhoused people began packing up their belongings following this directive.
- 19. At approximately 9 AM, I observed HOT staff begin going around to talk to the remaining encampment occupants again. After these conversations, I approached the unhoused individuals to ask them what HOT staff had told them. The occupants told me that the HOT workers had received their shelter allocation, which was for only 11 spots, even though 27 unhoused individuals had been present at the encampment that day.
- 20. At approximately 9:30 AM, a City worker who saw that I was observing the City's conduct told me that their shelter allocation had been increased to 17 spots due to the number of people asking for shelter. Despite this, the City's shelter allocation was still well short of the approximately 27 people who were being swept.
- 21. By the time I left the sweep at approximately 11AM, a number of occupants of the encampment who thought they were going to get shelter had still not received a concrete shelter offer. For instance, one couple living in a tent on the 700-800 block of Ellis Street had still not

been told what actual shelter beds the City could offer them, even though the City had already told them that they would have to move. Despite these limitations, at approximately 10:30 AM I observed the SFFD incident commander tell people that the encampment resolution had concluded and that they would have to move "now."

C. November 14, 2022: 400-500 Block of Jessie

- 22. The next sweep I attended, on November 14, 2022, was described by the City as planned for the "400-500 block of Jessie" at 7 AM that day. I arrived at this sweep location shortly after 7 AM.
- 23. *Inadequate Notice*: I walked down the 400 block of Jessie Street where notice had been posted at a group of approximately ten tents. I then walked to the north end of the block, near the intersection with Mint Street, where one solitary tent was erected. There was no notice posted near this solitary tent, even though this tent was approximately 100 feet away from the other tents. The posted notice was similarly spotty on the 500 block of Jessie Street, where five tents had been erected in two separate groups. While notice was posted on a light pole next to two of the tents, I did not see any posted notice at the other group of three tents.
- 24. Failure to Properly Offer Shelter: As with the previous sweep, the City's shelter offerings were chaotic. From approximately 7:30 AM to 8:30 AM, I observed HOT staff talk with occupants of the encampment. After these conversations finished, I talked with the occupants. The unhoused residents told me that HOT staff had informed them that they had not yet received their shelter allocations and would not know if they had shelter to provide to anyone at the encampment until 9AM.
- 25. From my observation, the City's offer of shelter to some people was also superficial. I observed the SFFD incident commander walk by one man who had just come out of his tent and say, "You don't want shelter do you?" without stopping to wait for his answer. That was the only offer of shelter that I saw the City make to this man. I never saw HOT staff talk to him. The SFFD incident commander likewise asked other individuals, "Do you want to go inside?" without providing any more context about what the offered shelter consisted of, where it would be, and what services would be offered there.

1	26.	Mo	reover, t	the City	began directing people to move along at approximately 8:30		
2	AM, well before their shelter allocations had come in. At this time, the SFFD incident commander						
3	started approaching unhoused people who were not yet packing up their belongings, telling them						
4	that they would have to move that morning.						
5	27.	The	re were	also enc	ampment occupants who had not been asked about shelter at		
6	all because t	hey w	ere aslee	ep when	HOT staff had been conducting their early morning outreach		
7	work. I społ	ke to c	ne enca	mpment	occupant at approximately 9:45 AM. He had only recently		
8	woken up and was hurriedly packing up his belongings, as City staff had recently told him that						
9	he had to leave. He told me that HOT had never approached him and that he did not know that he						
10	could be offe	ered sh	nelter. I u	urged hir	n to talk to HOT staff. It was only after my conversation with		
11	him that he approached HOT staff and was screened for a shelter offering.						
12	28.	Pro	perty De	estructio	n: The City also began disposing of peoples' property before		
13	they had rec	eived	their she	elter allo	cations. At approximately 8:30 AM, DPW staff began going		
14	down the two blocks and disposing of peoples' belongings. A true and correct copy of a photo of						
15	a DPW truck	k with	blanket	ts and lu	ggage—that ostensibly was not trash—is attached hereto as		
16	Exhibit E. I	took t	his photo	o at 8:29	AM. Another photo that I took at 9:01 AM, a true and correct		
17	copy of whic	h is att	tached h	ereto as l	Exhibit F, shows the same truck now laden high with peoples'		
18	belongings.

1	29. At approximately 9:45 AM that morning, I talked to one encampment occupant
2	who had downsized his belongings to a backpack and a suitcase. I asked him if he had managed
3	to pack up all of his belongings. He told me he had only grabbed what he could carry. I asked
4	him if he had asked DPW staff to bag and tag his property so that he could pick up what he could
5	not carry at a later date. He told me no, but he then went up to two DPW staff to ask them to bag
6	and tag some of his property so that he could pick it up in the next few days. As I listened, they
7	refused to store his property, telling him that they only stored personal property if people were
8	absent from the encampment at the time of the sweep. DPW staff then took the man's remaining
9	property and threw it into their dump truck.
10	
11	I declare under penalty of perjury that the foregoing is true and correct.
12	Executed on November 30, 2022 at Berkeley, California.

DECLARATION OF JENNIFER FRIEDENBACH 1 I, Jennifer Friedenbach, hereby declare pursuant to 28 U.S.C. § 1746: 2 3 1. I am the Executive Director of the Coalition on Homelessness ("COH" or "the Coalition"). I submit this declaration regarding my observations at an HSOC encampment 4 5 resolutions that took place in November 2022—and for which the Coalition was given notice pursuant to this Court's order requiring 72-hour written notice to Plaintiffs. 6 7 2. All facts set forth in this declaration are based upon my personal knowledge, and, 8 if called upon to testify as to the truth of these facts, I could and would competently do so. 9 **Observations at HSOC Encampment Resolutions** Α. November 18, 2022: Valencia, McCoppin, and Otis 10 3. 11 On November 18, 2022, I observed an HSOC encampment resolution scheduled to take place around Valencia, McCoppin, and Otis Streets at approximately 1:00 PM. 12 4. On November 15, 2022, I learned that the City was planning to conduct a sweep 13 14 around Valencia Street and McCoppin Streets. The City's notice to the Coalition under the Court's 15 72-hour notice and reporting order did not mention Otis Street. I arrived to the location I had been 16 provided at 1:00 PM. However, the sweep actually took place two blocks away, on McCoppin Street and Otis Street. Additionally, although City employees were scheduled to arrive at 1:00 PM, 17 I did not see City workers until 2:00 PM. 18 19 5. Approximately 7 unhoused individuals were present at the site. Four SFPD officers, 4 HOT workers, and 3 DPW workers carried out the resolution. 20 6. Enforcement Without Shelter Offers: When SFPD arrived, they told all seven 2.1 22 people they would have to pack up and move. However, only one individual of seven was offered 23 shelter that day, and that was not until 2:30 PM. The remaining individuals present at the site were 24 told that there was no shelter available for them at all that day. 25 26

27

I declare under penalty of perjury that the contents of this declaration are true and correct to the best of my knowledge, and that I executed this declaration on November 30, 2022 in San Francisco, California.

DECLARATION OF TORO CASTAÑO

I, Toro Castaño, hereby declare pursuant to 28 U.S.C. § 1746:

- 1. My name is Toro Castaño, and I am 51 years old. All facts set forth in this declaration are based upon my personal knowledge, and, if called upon to testify as to the truth of these facts, I could and would competently do so.
- 2. I am a named plaintiff in the above-titled case. I recently lost my housing, so am currently unsheltered once more. I am working on applying to teaching jobs and am actively searching for a new housing placement. However, at present, I am currently unsheltered.

Recent Harassment by the City While Homeless

- 3. Over the past two weeks, I have suffered repeated harassment at the hands of the City. Throughout this time, I have been staying in various locations around the Castro district with several other people.
- 4. Every day at about 9:00 AM, except for the past two days, SFPD officers have woken us up and ask us to pack up and move.
- 5. For example, on Sunday, October 30, 2022, while we were staying along Prosper Street, SFPD approached us four times over the course of the evening.
- 6. On Monday, October 31, 2022, it was raining most of the day, and we were staying near the Castro theater. Once the sun came out around 2 PM, SFPD officers approached and asked us to pack up and move.
- 7. On Friday, November 4, 2022, in the afternoon, while I was staying on Prosper Street, about eight officers, two at a time, approached us in the early afternoon. They told us to move and ordered us not to return to several different areas in the Castro district. They stood around us and waited for us to pack up and move.
- 8. HOT has not been present during these interactions, and SFPD has not offered us any form of shelter.
- 9. We never receive notice that SFPD will be coming by and telling us to move. They just arrive in the morning and wake us up, telling us it is time to pack up and leave. They have told us that we could get arrested if we fail to move in time.

Reflections on the City's Conduct

10. It is difficult to have to pack up and move every day. It only adds to the instability of being unhoused. This disruption, especially in my sleep and time, has made it that much more challenging to search for employment and housing.

DECLARATION OF DARRAH REASOR

- I, Darrah Reasor, hereby declare pursuant to 28 U.S.C. § 1746:
- 1. My name is Darrah Reasor, and I am 37 years old. All facts set forth in this declaration are based upon my personal knowledge, and, if called upon to testify as to the truth of these facts, I could and would competently do so.

Recent Harassment by the City and Property Destruction While Homeless

- 2. I have lost my belongings at the hands of the City numerous times. However, two very recent sweeps stand out to me.
- 3. In approximately mid-October, 2022, I suffered harassment and property destruction at the hands of the City. At the time, I was staying with my partner JD Cobb on 14th Street and Stevenson Alley.
- 4. Notice was posted at the site, but the notice said the City would not be coming until Friday. However, they came around 6 AM on Wednesday, so we were not prepared. We were present at the time of the sweep.
- 5. The Department of Public Works (DPW), San Francisco Police Department (SFPD), and the Homeless Outreach Team (HOT) were all present at the sweep. One of the supervisors from the San Fransisco Fire Department (SFFD) was present as well. The police watched as we moved our belongings across the street, under the direction of DPW. They waited until we had moved everything and had sat down to eat. As soon as we did so, though, the police came over and said we had to move elsewhere, or they would arrest us and take all our property.
- 6. The HOT team told us that they could not provide JD with a shelter offer because he was not qualified due to an error they made in his paperwork. Nonetheless, they forced him to move under threat of arrest.
- 7. DPW took the following belongings of ours that day: our bikes, JD's welding materials, crates with soaps and toiletries, some of our clothes, a Bluetooth speaker, a whole bin of shoes, and other household items. They also took some very sentimental items of mine, like jewelry and photos of my children and my grandmother. These items were priceless and irreplaceable to me.
- 8. We asked DPW if we could retrieve our belongings, but they told us everything would be bagged and tagged at the yard. However, we did not believe them, because they were throwing everything into the back of their truck in a haphazard manner, and they did not label or log anything. Everyone's belongings were mixed together and would be impossible to

1	identify later.		
2	9. About a week ago, in late October 2022, DPW came through the alley we are		
3	currently staying at, along Erie Street near South Van Ness Avenue. We got no notice of this		
4	most recent sweep, either verbal or written.		
5	10. SFPD blocked off the entrances to the alley, then the DPW trucks moved in.		
	11. They took JD's expensive electric bicycle, some expensive tools, and some of our		
6	furniture items that we had set to the side as we prioritized moving our more important		
7	belongings.		
8	12. DPW workers started grabbing our belongings as soon as our backs were turned.		
9	We received no information on how to retrieve our property.		
10	Reflections on the City's Conduct		
11	13. It is cruel how the City treats people on the streets. They do not think about why a person		
12	is there and the fact that they have a past. We did not choose to be out here.		
	14. There is so much empty housing here that could be put to use as affordable housing.		
13	15. The City's actions are not helping us find permanent housing; they only make it harder to		
14	get back on our feet.		
15			
16			
17	I have reviewed the information contained in this declaration. I declare under the penalties		
18	of perjury that the contents are true and correct to the best of my knowledge.

DECLARATION OF JD COBB

I, JD Cobb, hereby declare pursuant to 28 U.S.C. § 1746:

1. My name is JD Cobb, and I am 36 years old. All facts set forth in this declaration are based upon my personal knowledge, and, if called upon to testify as to the truth of these facts, I could and would competently do so.

Recent Harassment by the City and Property Destruction While Homeless

- 1. I have lost my belongings at the hands of the City numerous times. However, two very recent sweeps stand out to me.
- 2. In approximately mid-October, 2022, I suffered harassment and property destruction at the hands of the City. At the time, I was staying with my partner Darrah Reasor on 14th Street and Stevenson Alley.
- 3. Notice was posted at the site, but the notice said the City would not be coming until Friday. However, they came around 6 AM on Wednesday, so we were not prepared. We were present at the time of the sweep.
- 4. The Department of Public Works (DPW), San Francisco Police Department (SFPD), and the Homeless Outreach Team (HOT) were all present at the sweep. One of the supervisors from the San Fransisco Fire Department (SFFD) was present as well.
- 5. The police watched as we moved our belongings across the street, under the direction of DPW. They waited until we had moved everything and had sat down to eat. As soon as we did so, though, the police came over and said we had to move elsewhere, or they would arrest us and take all our property.
- 6. The HOT team told me that they could not provide me with a shelter offer because I was not qualified due to an error they made in my paperwork. Nonetheless, they forced me to move under threat of arrest.
- 7. DPW took the following belongings of ours that day: our bikes, my welding materials, crates with soaps and toiletries, some of our clothes, a Bluetooth speaker, a whole bin of shoes, and other household items. They also took my partner, Darrah Reasor's, sentimental photos and jewelry.
- 8. We asked DPW if we could retrieve our belongings, but they told us everything would be bagged and tagged at the yard. However, we did not believe them, because they were throwing everything into the back of their truck in a haphazard manner, and they did not label or log anything. Everyone's belongings were mixed together and would be impossible to

1	identify later.
2	9. About a week ago, in late October 2022, DPW came through the alley we are
3	currently staying at, along Erie Street near South Van Ness Avenue. We got no notice of this
4	most recent sweep, either verbal or written.
	10. SFPD blocked off the entrances to the alley, then the DPW trucks moved in.
5	11. They took my expensive electric bicycle, some expensive tools, and some of our
6	furniture items that we had set to the side as we prioritized moving our more important
7	belongings.
8	12. DPW workers started grabbing our belongings as soon as our backs were turned.
9	We received no information on how to retrieve our property.
10	Reflections on the City's Conduct
11	13. It is cruel how the City treats people on the streets. They do not think about why
	a person is there and the fact that they have a past. We did not choose to be out here.
12	14. There is so much empty housing here that could be put to use as affordable
13	housing.
14	15. The City's actions are not helping us find permanent housing; they only make it
15	harder to get back on our feet.
16	
17	
18	I have reviewed the information contained in this declaration. I declare under the penalties of perjury that the contents are true and correct to the best of my knowledge.

I, Joseph Williams, hereby declare pursuant to 28 U.S.C. § 1746:

- 1. My name is Joseph Williams, and I am 52 years old. All facts set forth in this declaration are based upon my personal knowledge, and, if called upon to testify as to the truth of these facts, I could and would competently do so.
- 2. I am a combat veteran. I have been unhoused for approximately five years and have been actively searching for housing throughout that time. I have stayed in the Castro district of San Francisco for most of this time.

Recent Harassment by the City and Property Destruction While Homeless

- 3. I have suffered repeated harassment by SFPD and DPW over the past few months. If anything, this harassment has only increased in the past three weeks. The City has taken several tents from me in the last three weeks alone.
- 4. SFPD and DPW are the only two departments that conduct these informal sweeps. Normally, either DPW or SFPD will arrive sometime in the morning. They arrive without notice and say, "Pack up. If you do not pack up in the next five minutes, we're going to take your stuff."
- 5. If you ask any questions, City workers will ask if you are refusing to cooperate under a direct order. They double down on their threat that DPW will come and take your belongings or you will be arrested.
- 6. I have seen SFPD show up to a tent that was temporarily unoccupied, but clearly unabandoned, and call DPW to throw the tent away. By the time the person came back, everything was gone, and there was nothing anyone present at the site could do to protect this person's belongings.
- 7. Around October 10, 2022, I was staying with friends on 17th and Hartford Streets, in the Castro district. I was present as SFPD harassed a friend of mine, Kim, who is a transgender woman in a wheelchair. SFPD and DPW took all of Kim's belongings, including her wheelchair. I asked why they had taken it, and they said it was because she had not claimed it quickly enough; at the time, she was trying to get up so that she could go over to her

wheelchair. The City had thrown it into the back of the DPW truck within two minutes. After that, she had no way to walk or move around; eventually, I was able to purchase her a new wheelchair.

- 8. On Wednesday, November 16, 2022, I was staying on 3rd Avenue in the Castro district. My granddaughter recently passed, and I went to my granddaughter's funeral that day. When I came back, my tent was gone. I knew DPW had taken it, because there was nothing left—that is what DPW does. I had friends tell me it had been DPW that had come by and swept the area.
- 9. That day, I also lost a laptop, some speakers, clothes, some money, and tablets. There was no effort to bag and tag any of my property, and I received no information on how to retrieve it.

Reflections on the City's Conduct

- 10. It does not help when I am already homeless and they take all my belongings. They leave me with nothing. When they take my vital survival belongings like my tent and sleeping bag, I have to desperately search for a new sleeping bag or some kind of covering before it gets dark and cold. This exposes me to the elements and leaves me at increased risk of getting sick.
 - 11. It is almost like they are trying to make it illegal to be homeless in this city.

I have reviewed the information contained in this declaration. I declare under the penalties of perjury that the contents are true and correct to the best of my knowledge.

DECLARATION OF ANDRINNA MALONE

- I, Andrinna Malone, hereby declare pursuant to 28 U.S.C. § 1746:
- 1. All facts set forth in this declaration are based upon my personal knowledge, and, if called upon to testify as to the truth of these facts, I could and would competently do so.
- 2. I worked for the City of San Francisco in their Department of Public Works ("DPW") for eighteen years from 2003 to 2021—my entire professional career. I retired from DPW in 2021. Throughout my career at DPW, my job was as a "laborer." In this position, I supervised street cleaning crews that interacted with unhoused individuals and were responsible for cleaning in and around encampments.
- 3. What I saw while working on encampment resolution crews—from the time I started at DPW until I was moved off of encampment cleaning duties around late 2018 or early 2019—followed a regular pattern. It has stuck with me, and I am still working through the trauma these observations caused me. I always tried to interact with unhoused individuals with compassion and care. Eventually, I was moved to different tasks like graffiti cleanup and watering trees because my way of dealing with unhoused individuals was different than my coworkers and supervisors. Even after this, though, I was patently aware of the conduct DPW workers engaged in and saw it day-to-day as I worked.
- 4. I submit this declaration in support of Plaintiffs' Motion for Preliminary Injunction.

DPW Regularly Destroys Unhoused People's Survival Belongings Without Notice

- 5. Throughout my entire career at DPW—and especially in recent years—I personally witnesses many incidents where DPW conducted sweeps without posting a written notice in advance of a homelessness sweep. If there was a lot going on—like media coverage or other political pressure—then DPW would post a notice before going to a site. Additionally, if unhoused people at the location were political, meaning they knew their rights, we would try to post a notice. On a daily basis, though, there was usually no warning that we would be coming.
- 6. Although DPW employees are required to bag and tag items that they take from unhoused individuals, this rule is rarely followed. I have seen many instances where DPW

2.1

56

7 8

9

14

1516

17

18 19

20

2122

23

24

2526

27

28

7. If DPW workers are sent to collect homeless peoples' belongings from a police station, they are more likely to be kept, because they have already been logged by SFPD. But if the unhoused person's belongings are picked up off the street by DPW workers, they are usually

trashed regardless of what they are. That was true during my entire career up until I retired from

DPW in 2021.

- 8. In the rare instance when I observed a DPW employee take and store homeless peoples' belongings by bagging and tagging them rather than immediately trashing them, it was not the normal practice at DPW to leave written notice onsite after the property had been bagged and tagged to inform the unhoused individual how to recover their property.
- 9. Even when unhoused individuals' belongings are taken to the DPW yard—which is where they are supposed to be stored—I observed that the property was not often kept. DPW street crews dump homeless people's property into a cage at the yard without separating the property out by individual—leaving it to the employees at the yard to sort through all of these belongings and decide what was worthy of being kept. On multiple occasions where I was present, even though an item looked to me like it should be stored, the DPW employees at the yard would refuse to bag and tag the item. I witnessed this multiple times.
- 10. I have seen DPW workers throw away entire tents, oftentimes because there was not enough have time to go through people's belongings to determine what was trash and what was not. DPW workers sometimes received more than 50 service requests that needed to get done in one day. Under that kind of time pressure, if people did not pack their belongings quickly enough, DPW workers would consider everything trash because they did not have time to sort through what should be bagged and tagged and what was actually trash.
- 11. In order to speed up the process to clear encampments or conduct sweeps, and under threat of not meeting all of their scheduled cleanings or removals for the day, DPW employees would ask police officers to force people to move faster.
 - 12. In my experience and observation over the years, the vast majority of homeless

- peoples' belongings that were discarded by DPW were personal, clean, and usable. I was trusted in the unhoused community because I tried to treat people with respect to the greatest extent possible. As a result, people would often come up to me and ask whether their property had been bagged and tagged. I would go and check, but almost every single time, their property had not been bagged and tagged. I would have to go back to them and inform them that their property had not been bagged and tagged. There was no one to verify whether items were bagged and tagged, and no one to hold our DPW employees accountable to follow the policy.
- 13. During the years that I was responding directly to DPW requests for services at homeless encampments, I would always try to bag and tag medications—but could really only do so if they were readily visible. If a cart was neatly packed—with belongings nice and neat and folded up—I would try and bag and tag that as well. But I was often in the minority.
- 14. If I heard on the radio that there was a conflict between DPW workers and unhoused people and I knew that area and the people staying there, I would often try to go to deescalate the situation. Most of the time, I would get there and realize it was an instance of the DPW employee destroying an unhoused person's belongings while the unhoused person tried to stand up for their rights.
- 15. Sometimes, unhoused people would come to me before DPW crews even left the area saying that their belongings were missing. For instance, one man had an electronic cart with a large battery so that he could move his belongings quickly if DPW was coming. As we were finishing cleaning, he told me, "I know my battery was just here. They stole my battery." I went over to the DPW truck and found a pile of batteries. I asked if the man saw his battery, and he did, so I let him take it back.

The City Enforces Against People Without Sufficient Shelter.

16. In my direct observation over the last several years before I retired in 2021, the City often did not have shelter or resources to provide to individuals whose property DPW took during our cleaning operations. Often, we would be the only department present—or us and SFPD—so there was no one there to offer homeless people services. Nonetheless, I and other DPW workers would be tasked with forcing people to move and taking their belongings.

2.1

17. I knew that there were City teams that were tasked with going out and talking with unhoused people to connect them with services. But at the end of the day, these City workers would usually end up saying that they did not have shelter beds available for them. Oftentimes, by the time there was something to offer—if there was something to offer— these individuals had already been moved along and could not be found because they had been forced to move.

Attitudes of DPW Management

- 18. The DPW management called the work we did a war. They pitted us against them—them being the unhoused individuals we interacted with daily. This really bothered me. I never understood why department leadership would call it a war, when we were not supposed to be fighting unhoused people but rather helping them.
- 19. Toward the end of my employment at DPW, one manager told me, "You're a little too compassionate. We're at war with the homeless right now, so we want you to find some other duties that you can do, other than street cleaning because we don't want you out there right now, because we're at war."
- 20. It seemed like DPW's leadership preferred if you did not care about the people you were interacting with. I know that I was not promoted and was eventually moved off of street cleaning duty because I spoke out too much. I would not be put in charge of supervising teams because upper-level management knew that I would not take unhoused people's possessions without bagging and tagging them.

Reflections on the City's Conduct

21. I was deeply traumatized by my work at DPW. Often, while I was working there, I would wonder where the individuals whose belongings DPW had taken earlier that day were sleeping now. Often, DPW would leave them without even a blanket. Sometimes, management would ask you to do wrong by someone, then send you back to the same area the next day to face the person you had just taken everything from.

DECLARATION OF KAKI MARSHALL

I, Kaki Marshall, hereby declare pursuant to 28 U.S.C. § 1746:

- 1. My name is Kaki Marshall, and I am above eighteen years of age. I served as the Director of Outreach and Temporary Shelter at the San Francisco Department of Homelessness from October 2018 to August 2019. I learned about the above-captioned lawsuit from reading the news and felt compelled to share my observations about San Francisco's response to homelessness from the perspective of someone who worked on these issues for the City.
- 2. All facts set forth in this declaration are based upon my personal knowledge, and, if called upon to testify as to the truth of these facts, I could and would competently do so.

Background and Professional Experience

- 3. I have dedicated my career to working for government institutions and nonprofit organizations striving to improve outcomes for disadvantaged populations, including the homeless. I currently work for the Department of Education of the State of Oregon as a fiscal analyst where I support the Office of Diversity Equity and Inclusion with tracking and analysis of their Grant In Aid funding for all statewide equity initiatives. I previously held positions at Building Opportunities for Self Sufficiency (BOSS)—an organization in Alameda County that helps connect unhoused individuals to permanent housing—and served as a Senior Associate at PolicyLink, a national research and advocacy think tank focused on advancing social and racial equity.
- 4. I received a Master's Degree in Public Policy from Portland State University in 2017. I also have a Bachelor's Degree in Psychology from Portland State University.
- 5. Shortly after receiving my Master's Degree, I was recruited by the City of San Francisco to serve in a senior position as Director of Outreach and Temporary Shelter. I have extensive experience working with unhoused individuals in a trauma-informed way, which emphasizes providing services and shelter that is appropriate and accessible to individuals who have a history of trauma. I myself am a formerly homeless youth who ended my homeless experience in 1997. Since then, I have been passionate about working with unhoused individuals and doing my part to help people access resources and housing.

Working for San Francisco and the Healthy Streets Operation Center (HSOC).

- 6. I began my tenure as San Francisco's Director of Outreach and Temporary Shelter excited about the prospect of working in government. Although I was apprehensive that working for San Francisco on its homelessness response could be contentious, I also saw it as an opportunity to impact decisions affecting homelessness. I understood that my position would be focused on developing systems and partnerships to deliver on the goals of the newly adopted strategic plan of the Department. The part of the strategic plan that I would manage included clearing all long-term encampments, setting up the coordinated entry system, building new navigation centers and shelter beds, and using the new navigation center beds to move priority status people off of the streets and into housing.
- 7. I quickly learned that my job was going to look very different than what I had hoped. Before I was hired I had a phone conversation with Jeff Kositsky the then Director of San Francisco's Department of Homelessness, who told me he was aware of my previous activism regarding street sweeps (when working at BOSS I lead the organization's work with our community organizing team that drafted the homeless person's bill of rights with Tom Amiano). During that call he asked me if I would have a problem being responsible to the part of the Department that managed all operations related to clearing encampments. I referenced my knowledge of the *Boise* decision and told him that I would accept the job on the condition that I would not be asked to break the law. He promised me on that call that we would not ever clear an encampment without providing at least two weeks of outreach and engagement to ensure everyone in the encampment was assessed and offered shelter.
- 8. Once I was hired as the City's Director of Outreach and Temporary Shelter, Mr. Kositsky informed me that a big part of my new job was actually to act as the lead of a multiagency team that operated out of the City of San Francisco's Department of Emergency Management. This team operated in an Incident Command Structure to respond to street homelessness. The team was called The Healthy Streets Operation Center (HSOC).
- 9. From October 2018 through August 2019 while I was Director of Outreach and Temporary Shelter, I was regularly directed by Jeff Kositsky to collaborate at HSOC with SFPD

to plan and execute the forcible removal of people and destruction of their property without providing time or resources to determine their housing needs before they were forcibly displaced. I was also frequently put in untenable situations of conflict with SFPD and DPW staff with regard to daily mandates handed down from the Mayor to HSOC, as described in further detail below.

10. I worked and communicated on a daily basis with Jeff Kositsky, Sam Dodge (then the HSOC representative for DPW), Commander David Lazar (then SFPD's HSOC representative), and other City department heads with a part to play in responding to the street impact of homelessness. My experience of David Lazar and Sam Dodge was that they were under tremendous pressure to use any enforcement tactic available to clear the city streets. Both Mr. Dodge and Commander Lazar pressured me on a weekly basis for access to any empty shelter beds in the system in order to justify a planned sweep. The team seemed to believe that my whole job was to provide shelter and outreach services to this enforcement mechanism. I learned that my colleagues at HSOC were uninformed about the Department of Homelessness's strategic plan, and that there was a coordinated entry system that was set up to assess and prioritize people for housing by need in order to access to the navigation center beds. It became clear to me that HSOC's leadership did not prioritize following the City's strategic plan to address homelessness.

San Francisco Orders Camp Clearances Absent Any Available Shelter.

11. At the beginning of my tenure, HSOC only involved a small part of the HOT team. There were perhaps 8 specialized HOT team members that made up the Encampment Resolution Team (ERT). All sweeps that involved HOT were only conducted by the ERT. The ERT met weekly to discuss and plan outreach and engagement with all encampments in the City and County of San Francisco that had more than 5 tents in the same place for more than 5 days. Sometime in early 2019 we announced that we had cleared all long term encampments and at that point Mr. Kositsky began to direct me to dedicate ERT team resources to "HSOC operations." These operations appeared to me to be dictated by complaints from the Mayor and or a specific City supervisor that felt their constituents 311 complaints were being ignored. Mr. Dodge and SFPD representatives believed this change gave them access to the rest of the HOT team and all of the shelter beds that HOT had access to. I would note the number of shelter beds that were actually

- 12. But since there was not ever enough shelter to offer individuals at these HSOC operations, the HOT team was typically only able to warn unhoused individuals that the police were coming to force them to move— or the HOT team would advise unhoused people to leave themselves. I fought against this operational tactic. I told Commander Lazar, Mr. Dodge, and Mr. Kositsky that it was putting HOT workers in an unsafe position and also eroded unhoused people's trust in them by using them in this way. I believe this created a hostile work environment for HOT workers and I said so.
- 13. When I raised these issues to Mr. Kositsky, he would often take my side in private. But he would insist that I tone down my objections when confronting SFPD or other HSOC employees who I felt were not following the law or our own policies.
- 14. One particular HSOC operation was demanding access to close to 60 shelter beds over the course of a several day operation focused on a specific neighborhood. This became an agenda item at the weekly HSOC meeting that was held across from the Mayor's office facilitated by her chief of staff Sean Elsbernd. At that meeting, Captain Jason Cherniss reported that the SFPD had counted the number of individuals that SFPD felt they would need shelter beds to move. Before the meeting, I told Mr. Kositsky we had around 9 beds available in the entire system, and that those beds were needed by the other 90% of our department that was focused on getting the most vulnerable people in the houseless population housed. I told Mr. Kositsky that, at the very most, we could spare two beds a day for this operation, which would likely run for two weeks. However, that morning when Captain Cherniss said that we would need close to 60 beds for the operation, Mr. Kositsky said we would have the beds. Mr. Kositsky then directed me to work with the team back at HSOC to develop a plan for the operation that I would present at the next meeting.
 - 15. I, along with the HSOC representative from the Department of Public Health,

- 16. I knew from driving to work every morning that DPW regularly swept people at hours that HOT was not in operation. I also understood that 80% of what HSOC did was to have SFPD respond to 311 complaints that rarely involved HOT or DPH. I had heard from consumers, advocates, and nonprofit contractors and had seen first-hand several occasions that DPW workers threw property that was either unattended or that someone was unable to carry away into a dump truck. But that was not within my control. What was in my control was what the outreach workers understood their task was and how we documented it.
- 17. However, Sam Dodge, who at the time was at the Department of Public Works, created a tracking tool for the HOT and DPH outreach workers to turn into HSOC along with their maps that reported the number of people they engaged and the outcomes. The way Mr. Dodge designed the tool was to make a binary outcome for each person an outreach worker said they engaged. The options were either "accepted" or "refused" shelter.
- 18. We gathered at HSOC the week after the first operation to prepare our report for the weekly HSOC meeting. This is when I discovered that Mr. Dodge intended to report to HSOC leadership that, of the 20 individuals we had encountered, practically all of them had refused shelter. But the HOT team would often only be able to tell unhoused individuals that the police were coming without conducting any coordinated entry assessment that would constitute a shelter offer. Mr. Dodge's tracker logged all of these interactions as shelter refusals, but this was plainly inaccurate and a blatant attempt to work around the City's stated requirements for enforcement.
 - 19. I pointed out that we could not characterize someone who did not speak to a service

- provider as being given a viable shelter offer and refusing it. We discussed the same data issues with an outside auditor, who assisted me in fixing the tracking tool to more accurately reflect the number of shelter offers made and accepted, which confirmed that few individuals refused shelter when offered. The episode confirmed for me that HSOC's approach was to remove individuals from the streets whether or not we could offer them any shelter or services.
- 20. Sam Dodge would constantly request that I deliver a sheet to him every morning with the complete shelter bed availability across San Francisco for the day. This was to allow HSOC to determine how those shelter beds would be used. Again, this directly contradicted what my role required—which was to allocate our limited shelter beds so that they were accessible to the unhoused individuals who were most in need.
- 21. For example, even when we did have some shelter beds available, these were often navigation center beds, not general shelter beds, for which there was a separate wait list. Navigation center placements were the most expensive intervention available to us for unhoused San Franciscans most in need of supportive services. Individuals would go through the coordinated entry system, and if they were eligible for permanent supportive housing, they would qualify for a navigation center placement and, from there, the City would help connect them to the housing they needed. I oversaw this program directly.
- 22. I would inform HSOC leadership regarding the limited number of navigation center beds available every day for encampment resolutions, noting that the remainder were for the individuals who qualified to receive those services because they were the most vulnerable and most in need of being connected to permanent housing resources.
- 23. Because of the pressures from HSOC, instead, the vast majority of navigation center beds were used to clear people. This meant that most of the individuals who received a navigation center bed at a sweep operation were not among the most vulnerable population that we would prioritize for these resources. Instead, these people were forced to give up their property and move to the navigation center for a few days to justify removing them from public property under threat of criminal enforcement. But then they had to returned back to the streets without the property they had before—meaning without their blankets or tents. This enforcement-first model

meant that dozens of unhoused people desperately waiting for San Francisco's limited shelter and housing resources could not access the resources they were qualified for.

Driving Forces: Mayor Breed and Supervisors Specifically Order Camp Clearances.

- 24. Even our planned sweep operations through HSOC were often upended when Mayor London Breed sent text messages directly to staff. Specifically, Mayor Breed would text Jeff Kositsky, Sam Dodge, or the chief of police directing them to immediately remove certain individuals from specific areas. The clear mandate from the Mayor was that the unhoused should not be visible in public, even if they had nowhere else to go. HSOC would race to respond, putting other planned and organized sweeps on hold. We would hold a special HSOC meeting to redirect resources to the areas Mayor Breed had identified for that day. In other words, rather than allocate services by need, political theater would dictate the services.
- 25. I have personally reviewed many of the text messages Mayor Breed sent to staff to remove unhoused people from sight. She would order us to displace unhoused people by a certain date and time just because they were in the vicinity of her planned schedule for the day. Mayor Breed ordered us to carry out sweeps because she did not want to be seen near unhoused people while she was at lunch, at the gym, at fundraisers, or at meetings on public business.
- 26. Although I was San Francisco's Director of Outreach and Temporary Shelter and field work was not in my job description, I would often go out personally to locate the unhoused individuals Mayor Breed wanted addressed. I would know that we did not have shelter to offer them and that I could not constitutionally ask them to move without offering shelter. So I did what I could to temporarily keep them out of the Mayor's way. Many times, I would ask the unhoused individual if I could buy them lunch, just so they would be away from the site long enough to satisfy Mayor Breed and the HSOC department heads. If I left this task to someone else, I was confident they would break our own policies and the law to move people, especially given pressure from the Mayor and other HSOC leaders to clear people away regardless of whether we could feasibly provide them with any services.
- 27. The HSOC advisory committee was where Mayor Breed exerted the most influence. Sean Elsbernd, the mayor's Chief of Staff, would facilitate these advisory meetings, and

- 28. HSOC would also prioritize areas to sweep based on which City supervisor or commissioner had reached out to HSOC, Jeff Kositsky, or other San Francisco department heads. These ad hoc sweeps drew resources directly away from matching the most in-need individuals on our waiting lists with shelters that worked for them. Mr. Kositsky would say that we had to make the supervisors happy.
- 29. For instance, if a new navigation center opened in a commissioner's district, all the beds in the navigation center would be held for an HSOC operation—using SFPD and DPW to plan sweep in sweeps in that district. This approach was driven by a political calculus to help particular commissioners look like they were solving homelessness in their district—even when we knew we were not actually helping people exit homelessness. This allocation of resources based on geography and politics was directly contradictory to my understanding of how navigation centers were supposed to be used—which was supposed to be based on problem-solving needs and on our coordinated entry assessments.

Unsanctioned Enforcement: DPW and SFPD Operations Without HOT Involvement

- 30. During my tenure as Director of Temporary Shelter, DPW crews would move throughout the City every night and pressure wash the streets. I was not informed in advance about any of these actions, and so there were no HOT workers present and available to offer shelter to individuals encountered in these nightly sweeps. I have witnessed DPW waking people up and forcing them to move under threat of being sprayed with steaming water and other chemicals—and compel them to leave the area.
- 31. I knew DPW would engage in these informal sweeps daily. They would show up with a dump truck, a street sweeper, and other vehicles, rattling tents and waking individuals up. There was no notice for these sweeps, and the HOT team would not be present. This type of informal enforcement without services occurs on a daily basis.
- 32. Without anyone from the HOT team to witness and oversee these operations, I became aware that DPW workers threw away unhoused people's survival belongings in large numbers instead of following City policy to safeguard, bag and tag, and store unhoused individuals'

SAN FRANCISCO

personal property if it was removed during street cleaning. SFPD would also be onsite during some of these off-the-record sweep operations—and yet HOT team was never informed.

33. I confronted Sam Dodge, the former head of DPW and current director of HSOC, about DPW's nightly operations without HOT involvement. DPW insisted, however, that these informal operations were not considered homeless sweeps and that they are simply regular DPW operations. And so these nightly sweeps still continued to be carried out by DPW and SFPD without the presence of the HOT team.

HSOC Takes Additional Steps to Clear Tents at All Costs

- 34. In approximately January 2019, San Francisco announced that it had cleared every long-term encampment of more than five tents set up for more than five days. After that, HSOC's encampment resolutions became less planned and more like whack-a-mole. At that time, HSOC began focusing on clearing tents wherever they were being set up.
- 35. Sweeping areas over and over again meant that we were encountering the same individuals repeatedly. These individuals had already been assessed through the coordinated entry system before and did not qualify for permanent supportive housing. This meant that HOT had no viable shelter to offer them, and yet they were still being forced to move from place to place by threat of criminal enforcement, fines, arrests, and other intimidation. That reality was untenable for me.
- 36. Late in my tenure as Director of Outreach and Temporary Shelter, Mr. Kositsky and the other HSOC department heads began asking me to share the list I maintained of unhoused individuals who were the highest priority for a shelter or housing placement. These were individuals who had previously been assessed by my department but who had not yet secured permanent shelter or housing that was appropriate for them. HSOC wished to use this list to identify people who had previously been "offered shelter" and could therefore be enforced against freely. I was asked to share this list directly with police to aid in their enforcement efforts.
- 37. I refused to do so on several grounds. First, claiming that individuals who are waiting for appropriate housing have been "offered shelter" is twisted and flatly incorrect. Unhoused individuals whom we assessed and who scored high enough on our priority status

assessment tool often took months to move from where they were staying into shelter and then housing. These people are extremely vulnerable, and as such, once identified, outreach teams are engaging with them on a daily basis to build the relationships needed to move them into shelter. Police interference has been known to exacerbate symptomology and slow down the process of building trust with any institution that would allow for the housing situation to be resolved. Second, I was concerned that disclosure of this list would violate various HIPAA provisions. Third, I understood it was not legal to punish an unhoused individual simply because they had been offered an inadequate shelter placement at some point. This felt like a blatant workaround that still amounted to illegal action.

Direct Observations of Individual Sweep Operations I Witnessed on the Ground

- 38. Because I was in leadership, most of my direct observations regarding San Francisco's sweep operations were at the decisionmaker level during regular HSOC meetings. However, I also vividly recall specific instances where I was on the ground and observed City employees taking steps that directly contradicted the City's written policies and the law as I understand it.
- 39. One such instance occurred when six individuals were staying on the corner of Mason, near Turk, in front of a building that had recently been given to the City. Sam Dodge and David Lazar told me that I had until 6 PM to clear the area, and then DPW and SFPD would force the individuals staying there to move so that the area would be clear for a press conference the next morning.
- 40. I got on the phone with HOT immediately and began trying to find two navigation center beds and some HOT team members who could meet me at the site to assist the individuals that were there. I rushed to the site and waited for HOT. DPW workers were already there and had begun cleaning the street. I stepped between the City workers and the homeless people to begin talking with them about the possible opportunity of going to a navigation center. As I spoke to the men and continued making phone calls attempting to locate a shelter bed, the City workers were moving closer and closer with their steam hoses to myself and the two individuals I was engaging with. I identified myself as the Director of Outreach and Temporary Shelter and asked them to

give us more time. They continued to pressure us to leave until the homeless people that I was 1 2 attempting to assist finally abandoned a portion of their property to DPW for them to throw into 3 the back of their truck. We walked to the other side of the street with whatever property they were able to carry and waited for the HOT team to pick them up. 4 41. I was present at the site until about 7 PM trying to find a placement for the people 5 there that day. Eventually, HOT arrived and offered the individuals a navigation center. By the 6 7 time HOT got there, however, DPW had already begun sifting through people's belongings and pressuring them to throw things away. 8 9 Reflections on the City's Conduct 42. There were many times when I was working for San Francisco that I believed I was 10 being asked to break the law. I did not know how to get help or where to turn. This chapter was 11 12 one of the darkest of my life, and I am still dealing with the mental health consequences of spending more than a year of my life doing work that I believe fundamentally harmed people and 13 14 actually exacerbated San Francisco's homelessness crisis. 15 16 17 I have reviewed the information contained in this declaration. I declare under the penalties of perjury that the contents are true and correct to the best of my knowledge. 18 19 Executed on: November 30, 2022 20 21 22 Kaki Marshall 23 24 25 26 27 28

Request

Your agency released bag and tag logs and records from January 2018 through September 2021 in response to our previous records request. This is a request for additional documents from October 1, 2021 to present. Pursuant to the California Public Records Act, Government Code § 6250, and the San Francisco Sunshine Ordinance, San Francisco Administrative Code § 67.1, I hereby request as follows:

- A. All "bag and tag" logs identifying the property of homeless individuals removed and stored following HSOC or your agency's resolution of any encampment or any street cleaning—from October 1, 2021 to present.
- B. All records identifying homeless property that was removed and stored by your agency from October 1, 2021 to present, and information on how often that property was picked up or recovered by its owner.
- C. All records, including but not limited to photographs, identifying disputed property that was discarded by your agency following HSOC or your agency's resolution of any encampment or any street cleaning from October 1, 2021 to present.

EXHIBIT 13

San Francisco Police Department Professional Standards and Principled Policing Unit Response to Request for Information

Requestor: P83977 Lawyers' Committee for Civil Rights

Date of Request: Sept 13, 2022

Request:

C. All records identifying when SFPD officers have been dispatched to, arrived at, or assisted in an encampment resolution or the removal of homeless individuals' property—whether part of an HSOC operation or otherwise. **Time period: 10/01/21 to 10/05/22**

D. All arrest or citation records resulting from SFPD's response to a homeless encampment, and all summaries identifying the number of citations or arrests following SFPD's response to an encampment. Where no prosecution has resulted from the citation or arrest, these records are immediately disclosable. See San Francisco Administrative Code § 67.24(d). In particular, we seek information on any citations or arrests under the following state and municipal laws: 1) Cal. Penal Code § 647(e) (no lodging without permission); 2) S.F. Police Code §§ 97(b), 168-169 (anticamping and "sit/lie" ordinances, prohibition on living in passenger vehicles); 3) S.F. Park Code §§ 3.12-3.13; S.F. Port Code §§ 2.9-2.10 (no lodging or sleeping); 4) Cal. Penal Code §§ 370, 372; S.F. Health Code §§ 581, 596 (public nuisance, including obstructing streets or sidewalks); 5) Cal. Penal Code § 148(a) (willfully resisting city staff discharging their duties). **Time period: 10/01/21 to 10/05/22**.

Response: On Oct 5, 2022, a search was conducted in Crime Data Warehouse via Business Intelligence Tools for incidents at requested location. Results are provided in an Excel workbook. No Juvenile data was released.

Included in excel book are the following sheets:

- Encampment Property All incidents during the requested time period where the terms "encampment resolution" or "homeless property" are used in the narrative portion of report.
- Select Codes All incidents during the requested time period where the provided codes resulted in a cite or arrest.

Note: San Francisco Police Department does not have an arrest database that can be used to respond to this request. This information was generated from the San Francisco Police Department's CDW Incident Database.

Some citations are paper-based and are not available to be included in these counts.

Data Source: San Francisco Police Department's Crime Data Warehouse via Business Intelligence Tools **Date Prepared:** Oct 6, 2022

Department of Homelessness and Supportive Housing

PO Box 427400

San Francisco, CA 94142

Re: Additional Public Records Request Regarding Response to Homeless Encampments and Related Property.

Dear Mr. Hamilton:

Your agency released emails listing daily shelter bed allocations from approximately September 2020 through June 2021 in response to our records request. This is a follow-up request for these same documents for the period from July 1, 2021 to present. Pursuant to the California Public Records Act, Government Code § 6250, and the San Francisco Sunshine Ordinance, San Francisco Administrative Code § 67.1, I hereby request as follows:

- A. All records and correspondence identifying or discussing the number of shelter beds available prior to any encampment resolution, including any Daily Allocation Summary or other records communicated to, discussed with, or shared among HSOC's participating agencies—from July 1, 2021 to present.
- B. All HSOC encampment counts, tent counts, encampment reports, resolution/sweep schedules, or any other summary documents or data compilations recording efforts to identify and resolve homeless encampments in the City of San Francisco from July 1, 2021 to present. Responsive documents should include at a minimum, but should not be limited to, documents with the following file names or titles: Encampment Report, Encampment Schedule, Report and Schedule, Weekly Resolution Summary, Count(s) by Neighborhood, Encampment Assessment, Tent Count, Vehicle Count, and Tent and Vehicle Count.

We expect an initial response to this records request on or before **September 23, 2022.** See Cal. Gov. Code § 6250; San Francisco Administrative Code § 67.21(b). After a preliminary discussion regarding your agency's response, we welcome refining or adjusting our requests to better suit your agency's existing data. See Cal. Gov. Code § 6253.1(a). Regardless, we expect that your agency will produce documents on a rolling basis as they become available. See San Francisco Administrative Code § 67.25(d). Please do not hesitate to reach out to us with any questions.

Sincerely,

Hadley Bood

Subject: Secure 01/28 Daily Allocation Summary

Daily Allocation Summary

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement.

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

v is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.579.2145. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Site(s) Paused;

01/30 projected reopening, last + 01/25, (7male / 20female beds)

*Key; IT (Intra-system/Transfers) / DEMOB (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSP (Hospital) / I&Q (Isolation & Quarantine) / HSOC (Healthy Streets Operation Center) / SFHOT (San Francisco Homeless Outreach Team / SCRT (Street Crisis Outreach Team) / SORT (Street Overdose Response Team) / MSC South SPRINT (SFHOT MSC Pilot to accelerate/increase placements to fill vacancies) / SS (Safe Sleep) / IFWS (Interfaith Winter Shelter) / IWP (Inclement Weather Placement) / ACE (Adult Coordinated Entry)

Daily Allocation Summary

Hello

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.579.2145. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Site(s) Paused: None

This is the revised allocation. The earlier version showed an allocation of 8 to Site D for SFHOT. That allocation is for Site AB. I apologize for any inconvenience.

Daily Allocation Summary

Please make sure that <u>HSHplacement@sfgov.org</u> is included on all communications. This is the mailbox that is monitored for placement.

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.652.8322. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Daily Allocation Summary

Hello,

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement.

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.652.8322. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Daily Allocation Summary

Hello

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.652.8322. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting

Daily Allocation Summary

Please make sure that <u>HSHplacement@sfgov.org</u> is included on all communications. This is the mailbox that is monitored for placement.

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.579.2145. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

*Key; IT (Intra-system/Transfers) / DEMOB (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSP (Hospital) / i&Q (Isolation & Quarantine) / HSOC (Healthy Streets Operation Center) / SPHOT (San Francisco Homeless Outreach Team / SCRT (Street Crisis Outreach Team) / SORT (Street Overdose Response Team) / MSC South SPRINT (SHOT MSC Pillot to accelerate/increase placements to fill vacancies) / SS (Safe Sleep) / FPWS (Interfaith Winter Shelter) / IWP (Inclement Weather Placement) / ACE (Adult Coordinated Entry) / 10F (Joint Field Operations)

Subject: Secure Daily Allocation Summary 3/25/20

Daily Allocation Summary

Hello,

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work numbe

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.579.2145. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Site(s) Paused: Non-

Daily Allocation Summary

Hello,

 $Please\ make\ sure\ that\ \underline{HSHplacement@sfgov.org}\ is\ included\ on\ all\ communications.\ This\ is\ the\ mailbox\ that\ is\ monitored\ for\ placement$

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.579.2145. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Site(s) Paused: None

*Key, IT [Intra-system/Transfers) / DEMOB (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSP (Hospital) / i&Q (Isolation & Quarantine) / HSOC (Healthy Streets Operation Center) / SFHOT (San Frandsco Homeless Outreach Team / SORT (Street Crisis Outreach Team) / SORT (Street Overdose Response Team) / MSC South SPRINT (SFHOT MSC Piol to accelerate/increase placements to fill vacancies) / SS (Safe Sleep) / FWS (Interfaith Winter Shelter) / IWP (Inclement Weather Placement) / ACE (Adult Coordinated Entry) / IOF (Joint Field Operations)

Daily Allocation Summary

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement.

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.579.2145. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

*Key; IT (Intra-system/Transfers) / DEMOB (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSP (Hospital) / I&Q (Isolation & Quarantine) / HSOC (Healthy Streets Operation Center) / SFHOT (San Francisco Homeless Outreach Team / SCRT (Street Crisis Outreach Team) / SORT (Street Overdose Response Team) / MSC South SPRINT (SFHOT MSC Pilot to accelerate/increase placements to fill vacancies) / SS (Safe Sleep) / IFWS (Interfaith Winter Shelter) / IWP (Inclement Weather Placement) / ACE (Adult Coordinated Entry) / IOF (Joint Field Operations)

Daily Allocation Summary

Hello,

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement.

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.579.2145. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Site(s) Paused; None

*Key; IT (Intra-system/Transfers) / DEMOB (Demobilization of site / HTP (Hospital Temporary Transfers) / HOSP (Hospital) / I&Q (Isolation & Quarantine) / HSOC (Healthy Streets Operation Center) / SPHOT (San Francisco Homeless Outreach Team / SCRT (Street Crisis Outreach Team) / SORT (Street Overdose Response Team) / MSC South SPRINT (SPHOT MSC Pilot to accelerate/increase placements to fill vacancies) / SS (Safe Sleep) / IFWS (Interfaith Winter Shelter) / IWP (Inclement Weather Placement) / ACE (Adult Coordinated Entry) / IOF (Joint Field Operations)

One the first row of the table, there is a reference to "Sanctuary" and an allocation of 8. That should have said "SFHOT" as discussed in this morning's allocation meeting. I'm 98% certain you knew this but just wanted to make sure.

From Bateman, Jahn (HOM)
Sent: Turnelly, May 13, 2022 533. LAM
Text. Minestd, Reptic (1994) capting in a lander signification of the companies of the companies

Daily Allocation Summary

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement.

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.579.2145. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting

Secure Daily Allocation Summary 5/17

Daily Allocation Summary

Hello,

Please make sure that HSHolacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work numbe

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.579.2145. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

site(s) Paused; Non

Nate: Secure Daily Allocation Summary 3/1
Nate: Thursday, May 19, 2022 9:45:54 AM

Daily Allocation Summary

Hello,

Please make sure that HSHolarement@sfroy.org is included on all communications. This is the mailbox that is monitored for placement.

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415,579,2145. Also, winter shelter beds are available. Team Leads please note projected needs during our allocation meeting

Site(s) Paused: None

*Key, IT (Intra-system/Transfers) / DEMOB (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSD ([Hospital) / I&Q (Isolation & Quarantine) / HSOC (Healthy Streets Operation Center) / SFHOT (San Francisco Homeless Outreach Team / SCRT (Street Crisis Outreach Team / SCRT (Street Crisis Outreach Team / SCRT (Street Crisis Outreach Team)

Daily Allocation Summary

Hello,

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placemen

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first /last name, email, and work number

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 415.579.2145. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Site(s) Paused: None

*Ney; IT (Intra-system/Transfers) / DEMOB (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSP (Hospital) / IRQ (Solation & Quarantine) / HSOC (Healthy Streets Operation Center) / SFHOT (San Francisco Homeless Outreach Team / SCRT (Street Crisis Outreach Team) / SORT (Street Overdoze Response Team) / MSC South SPRINT (SFHOT MSC Pilot to accelerate/increase placements to fill vacancies) / SS (Safe Sleep) / IPWS (Interfaith Winter Shelter) / MVP (Inclement Weather Placement) / ACE (Adult Coordinated Entry) / JOP (Joint Field Operations)

Daily Allocation Summary

Hello

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement.

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Dally Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed. If any issues arise, please contact me at 415.579.2145. Also, winter shelter beds are available. Team Leads please note projected needs during our allocation meeting.

Site(s) Paused; None

Daily Allocation Summary

Hello,

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 455.579.2145. Also, winter shelter beds are available, Team Leads please note projected needs during our allocations.

Site(s) Paused; None

Daily Allocation Summary

Please make sure that <u>HSHplacement@sfgov.org</u> is included on all communications. This is the mailbox that is monitored for placement.

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 650.267.0902. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Site(s) Paused; None

*Key; IT (intra-system/Transfers) / DEMOB (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSP (Hospital) / I&Q (Isolation & Quarantine) / HSOC (Healthy Streets Operation Center) / SFHOT (San Francisco Homeless Outreach Team / SCRT (Street Crisis Outreach Team) / SORT (Street Overdose Response Team) / MSC South SPRINT (SFHOT MSC Pilot to accelerate/increase placements to fill vacancles) / SS (Safe Sleep) / IFWS (Interfaith Winter Shelter) / IWP (Inclement Weather Placement) / ACE (Adult Coordinated Entry) / JOF (Joint Field Operations) SIP

Daily Allocation Summary

Hello,

Please make sure that <u>HSHplacement@sfgov.org</u> is included on all communications. This is the mailbox that is monitored for placement.

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 650.267.0902. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Site(s) Paused; None

Subject: Secure 08.18.2022 Daily Allocation Sum

Thursday, August 18, 2022 9:50:32 AM image(01.png

Daily Allocation Summary

Hello,

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 650.267.0902. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting

lite(s) Paused; None

**Ney; IT (Intra-system/Trandres) / DIMO® (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSP (Hospital) / ilaQ (Isolation & Quarantine) / HSOC (Healthy Streets Operation Center) / SHNOT (San Francisco Homeless Outreach Team / SCRT (Street Crisis Outreach Team) / SORT (Street Crisis Outreach Team) / SORT (Street Crisis Outreach Team) / MSC Sout SHNOT (Shreet Operation Center) / ACE (Adult Coordinated Entry) / JOF (Joint Field Operations)

Daily Allocation Summary

Hello,

Please make sure that <u>HSHplacement@sfgov.org</u> is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 650 267 0902. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

ite(s) Paused; None

*Key, IT (Intra-system/Transfers) / DBMOB (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSP (Hospital) / MSQ (Isolation & Quarantine) / HSOC (Healthy Street Operation Center) / SHOT (San Francisco Homeless Outreach Team / SCRT (Street Crisis Outreach Team) / SORT (Street Overdose Response Team) / MSC South SPRINT (SFHOT MSC Pilot to accelerate/mcreaze placements to fill vacancies) / SS (Sale Steep) / FIVE (Interfaith Winter Shelter) / INP (Inclement Weather Placement) / ACE (Adult Coordinated Entry) / JOF (Joint Field Operations)

Daily Allocation Summary

Hello,

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work numb

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 650.267.0902. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting

Site(s) Paused; None

Daily Allocation Summary

Hello,

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work numbe

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 650.267.0902. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meetin

Site(s) Paused; MSC South

"Nep.f" (Detra-system/Transfers) (FMMO) (Demobilitation of site) | HTP (Repistal Temporary Transfers) | HXDP (Repistal Temporary Transfers) | HXDP

Subject: Secure 09/14/2022 Daily Placement Summary Date: Worknowley Sentember 14, 2022 12:22:16 PM

Daily Allocation Summary

Hello,

Please make sure that <u>HSHplacement@sfgov.org</u> is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 650.267.0902. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Site(s) Paused; MSC-South

"Nor,!" (Internytem/Transfers), (JBMOB) (Bernoblistation of size), IFIT (Brospital Temporary Transfers), JBMOD (Brospital) (Bulgotation & Quarantinos), MSCC (Beatlety March (Brospital) (

Daily Allocation Summary

Hello,

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number.

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 650 267.0902. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

Site(s) Paused: MSC-South

*Key, IT (Intra-system/Transfers) / DEMOB (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSP (Hospital) / I&O, (Hosbits) / I&O, (Hosbits) Street Operation Center) / SPHOT (Sin Fancisco Homeless Outreach Team) / SORT (Street Overdose Response Team) / MSC South SPRINT (SFHOT MSC Pilot to accelerate/Increase placements to fill vacancies) / SS (Safe Steep) / IFMS (Interfaith Winter Shelter) / NIP (Inclement Weather Placement) / ACE (Adult Coordinated Entry) / IOF (Joint Field Operations)

Subject: Secure 09.28.2022 Daily Allocation Summary Date: Warfroodies Sectomber 28. 2022 9.58-14.88

Daily Allocation Summary

Hello,

Please make sure that HSHplacement@sfgov.org is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title. first/last name, email, and work num

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 650,267,0902. Also, winter shelter beds are available. Team Leads please note projected needs during our allocation meeting.

Site(s) Paused: MSC-South

"Key, IT (Intra-system/Transfers) / DEMO® (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSP (Hospital) Temporary Transfers) / HOSP (Hospital) / HoSQ (Bolation & Quarantine) / HSOC (Healthy Streets Operation Center) / SHOT (San Francisco Homeless Outreach Team / SCRT (Street Crisis Outreach Team) / SORT (Street Overdose Response Team) / MSC South SPRINT (SFHOT MSC Pilot to accelerate/increase placements to fill vacancies) / SS (Safe Sleep) / IPWS (Interfaith Winter Shelter) / IWP (Inclement Weather Placement) / ACE (Adult Coordinated Entry) / JOF (Joint Field Operations)

Subject: Secure 09/30/2022 Daily Placement Summa Date: Friday, September 30, 2022 9:50:24 AM

Daily Allocation Summary

Hello,

Please make sure that HSHplacement@sfeov.org is included on all communications. This is the mailbox that is monitored for placement

Also, please continue to monitor site contacts and notify us of additions and deletions to the distribution of this Daily Summary. We ask that you submit changes in this format: title, first/last name, email, and work number

Below is the summary from today's meeting, along with details of sites paused. Site staff please confirm when the guest's intake is processed, if any issues arise, please contact me at 650.267.0902. Also, winter shelter beds are available, Team Leads please note projected needs during our allocation meeting.

ite(s) Paused; MSC-South

"Key, IT (Intra-system/Transfers) / DEMOB (Demobilization of site) / HTP (Hospital Temporary Transfers) / HOSP (Hospital) 1 (Re) (Isolation & Quarantine) / HSO (Healthy Streets Operation Center) 5 FHOT (San Francisco Homeles Outreach Team / SCRT (Street Crisis Outreach Team) / SORT (Street Overdose Response Team) / MINE (South SPRINT (SHOT NSC Pilot to accelerate/increase placements to fill vacancies) / SS (Safe Sleep) / IPWS [Interfaith Winter Shelter) / IWP (Inclement Weather Placement) / ACE (Adult Coordinated Entry) / JOF (Joint Field Operations)

Subject: RE: Coalition on Homelessness et al. v. CCSF et al – 72-hour notice and expedited

discovery matters

Zal,

I write to follow up on the issues we discussed on November 23, as well as my email of November 24.

72-Hour Notice. We disagree with your contention that the parties' agreement regarding 72-hour notice of planned homeless encampment resolutions, memorialized in the Court's order, contemplates, as you now contend below, "advance notice" of every "operation" by SFPD or DPW that may result in the "displacement" of an individual. Given Plaintiffs' three years of public records requests and preparation for this lawsuit, we did not expect any confusion about the term, "planned homeless encampment resolution." To clarify, a "planned homeless encampment resolution" refers to an operation that is pre-planned with the specified intention of clearing an area. A "planned homeless encampment resolution" does not include situations encountered during routine maintenance, responses to service requests, or patrols where someone ultimately must be moved from a particular location due to a health or safety, accessibility, or private trespass issue arising at that particular location. Responding to a service request—regardless of how much, if any, preparation is needed or made for the response, even where the nature of the request suggests that the response may result in the relocation of an individual (due to a health or safety, accessibility, or private trespass issue)—is not a planned encampment resolution. The specified intention of such responses is not the clearing of an area.

I did not agree that the notice posted at or around 240 Clayton on November 4, 2022 signified a "planned homeless encampment resolution" on November 8, 2022. As we discussed, DPW responded to a report of abandoned property at that location, and posted the notice rather than immediately discard the abandoned property. There was never any intention to move any individual or any individual's property from that location. And as we discussed, by November 5, there was no intention of returning to the location to follow up on the November 4 response at all. DPW did not "cancel" a "planned encampment resolution." The removal of abandoned property is not an encampment resolution. And by November 5, there was no plan to do even that. And again, while I understand Plaintiffs' allegations concerning November 6 at 240 Clayton, we have seen no evidence of any DPW or SFPD interactions with any unhoused individuals at that location on November 6. As discussed during our call, we would welcome any additional information you have regarding the November 6 activity at 240 Clayton.

With respect to 16th Street and Pond Street, while I agreed to look into the issue further in the spirit of cooperation, I made clear that regardless of what the records may show about the timing of SFPD's response to that location, the response was not a "planned homeless encampment resolution" within the meaning of the Court's order. (See above for the definition of "planned homeless encampment resolution"). I will provide further information regarding the relevant dispatch records when I have that information.

I hope this clarifies the points I was trying to make during our lengthy discussion on Wednesday, November 23, 2022.

SFPD Reports. Plaintiffs have provided us with two successive examples of the information Plaintiffs wanted included in weekly SFPD reporting. Plaintiffs appear to agree that all such information has been and is being provided to Plaintiffs.

Plaintiffs now want to move the goalposts again. During the parties' original meet-and-confer process over SFPD weekly reporting, Plaintiffs provided a pre-litigation PRA response from SFPD as an example of the information they sought on a weekly basis during the pendency of Plaintiffs' preliminary injunction motion. Relying on Plaintiffs' representation that the sample PRA response was the information Plaintiffs were seeking, Defendants agreed and offered to provide that same information for incidents where misdemeanor citations were issued for Cal. Penal Code § 647(e) (lodging without permission) and Cal. Penal Code §§ 370, 372 (public nuisance), and dispatches with incident code 915 (homeless calls for service). Defendants' proposal was put before the Court in a joint letter filed on October 21, 2022. See ECF No. 37 at 2. And the Court adopted Defendants' proposal. See ECF No. 38 at 2. Defendants then provided a weekly report containing the information that was contained in the sample PRA response. Plaintiffs argued that this report was insufficient and provided a second sample PRA response that contained additional information absent from the first sample plaintiffs had provided . Plaintiffs represented that this second PRA response reflected the information they were seeking through weekly SFPD reporting, rather than the first PRA response on which Defendants' proposal and the Court's order was based. In the spirit of cooperation, Defendants agreed to provide the additional information, even though such additional information was not contemplated by the Court's order. Plaintiffs now contend the Court's order requires even more information than what was contained in the second PRA response. We disagree.

HSOC Spreadsheets. I apologize if my November 24, 2022 email was unclear. We cannot agree provide Plaintiffs the names (neither first nor last), initials (neither first nor last), or dates of birth (neither month, day, nor year) of its clients in native format or otherwise. It would impose a significant burden on San Francisco to modify the weekly HSOC reports in the way Plaintiffs suggest. We disagree that Plaintiffs have articulated any need for such information. Defendants explain in their opposition to plaintiffs' preliminary injunction motion that San Francisco's policies ensure a person experiencing homelessness is offered shelter before being asked to leave an encampment. Plaintiffs appear to contend that they need names and dates of birth to confirm the number individuals who accepted offers of shelter. But the number of individuals who accepted an offer of shelter is not at issue. It is unclear what "claim" Plaintiffs contend they cannot "assess" without the names and dates of birth of third parties. In addition, I did not make any representation about "duplicate entries." Rather, I explained that the Client Log includes individuals who have been engaged at multiple resolutions. These are not "duplicate entries." Each entry shows a separate engagement of the individual at a different resolution. During the parties' November 23 call, Plaintiffs provided no explanation for what relevance the personal information of third parties has to the preliminary injunction motion.

26(f) conference. We will await Plaintiffs availability from 12/6 to 12/9 for the conference. Please let me know if we have missed an email from Plaintiffs with proposed times.

Thank you.

Ed:

Your email does not address our proposal—which is that you immediately disclose to us: (1) native file format versions of the document spreadsheets you disclosed; and (2) that you provide in those spreadsheets solely first name, first initial of last name, and month and date of birth—but not year. Will San Francisco be producing these records as requested and with these safeguards in place? As we reiterated, we will treat the documents as under protective order.

If you cannot commit to producing these records by 12PM on Tuesday, it will be impossible for us to assess the City's claim that it has assisted hundreds of individuals in entering shelter over the past year. Indeed, you yourself represented on our call that the spreadsheets you provided to us do contain duplicate shelter entries for many unhoused individuals. At the very least, the native file format spreadsheets should be produced with all columns with identifying information stricken.

Please advise as soon as possible so that we can determine if it will be necessary for Plaintiffs to take further action in light of our reply deadline. We also await your responses as to the pressing concerns regarding Defendants' improper 72-hour notices and deficient SFPD disclosures.

Subject: RE: Coalition on Homelessness et al. v. CCSF et al – 72-hour notice and expedited discovery matters

We will respond to the other issues (72-Hour Notice; and SFPD Weekly Reports) raised in your email after the holiday weekend, but with regard to the HSOC spreadsheet issues: the City cannot agree to provide Plaintiffs' the names or dates of birth of its clients. The information is protected by the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. §1320d et seg., and Confidentiality of Medical Information Act (CMIA), Cal. Civ. Code §56, et seq. See also, e.g., Queen's Med. Ctr. v. Kaiser Found. Health Plan, Inc., No. CIV. 12-00565 ACK, 2014 WL 1234506, at *3 (D. Haw. Mar. 24, 2014) (citations omitted) ("Stratose also seeks the

Case 4:22-cv-05502-DMR Document 50-18 Filed 12/01/22 Page 5 of 20

Court's permission to redact patients' names and social security numbers, as required under the Health Insurance Portability and Accountability Act. The Court finds that Stratose has articulated compelling reasons to permit redacting ... personal patient information. [T]he need to protect medical privacy qualifies as a 'compelling reason.'"). Even outside of the HIPAA-context, courts regularly order that identifying information, including names, of third parties be redacted to protect their privacy. See, e.g., Beckway v. Deshong, No. C07-05072-TEH (EDL), 2011 WL 13183222, at *4 (N.D. Cal. Sept. 19, 2011) ("To the extent that the privacy interests of third parties are implicated by any of these documents, the County shall take care to redact all identifying information of third parties from the documents and the documents will be governed by a protective order."); In re Rocket Fuel Inc. Sec. Litig., No. 14-CV-03998-PJH, 2017 WL 344983, at *7 (N.D. Cal. Jan. 24, 2017) ("the court will grant the parties leave to redact: (1) specific third-party customer names; (2) the names of Rocket Fuel employees who are not officers, directors, or named defendants in this matter"). Plaintiffs have not articulated a need for knowing the identities of every third party client engaged by the City during encampment resolutions in 2022.

Happy Thanksgiving.

Ed

Subject: Re: Coalition on Homelessness et al. v. CCSF et al – 72-hour notice and expedited discovery matters

Ed,

Thank you for your responsiveness during our meet-and-confer yesterday. I write to memorialize our conversations as well as note a few follow-up items coming out of our call. As we noted on our call, we stand prepared to work collaboratively to resolve these issues whenever possible—including receiving prompt responses from the City Attorney 's Office when Plaintiffs raise these serious and ongoing constitutional harms. We have a duty to protect our clients from these harms both under the Court's reporting order and before a ruling on Plaintiffs' preliminary injunction—as Defendants have not halted sweep operations (destroying individuals' property and ordering their removal from public property).

Failure to Provide 72-Hour Notice: We understand from your representations that Defendants are defining a "planned encampment resolution" as an operation where any Defendant has determined in advance that it will tell individuals that they have to leave the encampment. We further understand that Defendants do not consider a situation where an agency is responding to a call for service or dispatch regarding unhoused people as a planned event, regardless of the duration

between the call and the response and regardless of the nature of the response. We also understand that you are not considering "planned encampment resolutions" to include situations where City employees require homeless individuals to vacate —as long as that was not specifically decided in advance, and even if such a response could be reasonably anticipated in advance. You therefore represented to us that in practice, only HSOC performs "planned encampment resolutions." And we note, you have declined to provide advance notice of a single SFPD or DPW operation displacing unhoused people despite the fact that your own disclosures reveal these operations to be an almost daily occurrence. Your read is an unwarrantedly narrow view of a planned encampment resolution, for which notice is required. For example, regardless of whether the impetus for an encampment resolution may be a call—if the response is coordinated or planned in advance—that would qualify as a planned encampment resolution. As another example, if an agency plans to visit a location of a suspected encampment, if the agency's plans for an encampment may include the forced displacement of people or their property depending on the situation at the encampment site, that would also qualify as a planned encampment resolution.

In other words, we do not believe that San Francisco is complying with the Court's reporting obligations—particularly as it pertains to SFPD and DPW resolutions. Most troubling, we have not received a single notice of a DPW sweep operation when we understand that "Planned Removal of Property" notices are posted across the City on an almost daily basis.

As you agreed, the DPW sweep initially planned for November 8 at 240 Clayton Street would be an example of a planned encampment resolution that the Court's order requires notice to Plaintiffs of in advance. Yet you had no notice of that sweep and could not even find record of it until we provided the relevant DPW notice to you as proof of the planned sweep operation. Now you purport that the sweep operation was cancelled, when we know that concerned housed neighbors near Clayton Street called the Coalition on Homelessness on November 6 to report that their unhoused neighbors were engaged by DPW and SFPD despite the notice clearly indicating that the sweep was not to occur until November 8. As a result, 4 tents were forcibly removed and the unhoused people staying there displaced—apparently without any HOT team staff there to make a shelter offer—days earlier than the notice stated. This is not acceptable, and appears to be a routine practice of failing to notify Plaintiffs of DPW's noticed "Planned Removal of Property" operations.

Likewise, you committed to examining the circumstances of SFPD's 6:00AM dispatch of several officers to displace unhoused residents on Pond Street staying near the Harvey Milk Library, and to share any information regarding the dispatch records to determine whether or not this sweep operation was in fact planned in advance. As we noted, the Library was closed and would not open for another four hours when SFPD was purportedly called to urgently remove unhoused people for "blocking the entrance." That does not appear to make sense. The unhoused people onsite were also forced to leave the area entirely, again without even the guise of shelter being offered and without notice.

We appreciate your probing these issues with us on our call, and offering your understanding of the City's reporting obligations under the Court's order. While we ascribe nothing but the best of intentions to the City Attorney's Office, we are not confident that Defendant agencies are appropriately reporting sweep operations to you. Please follow up at your earliest convenience with any additional information regarding the above-mentioned sweep operations. We will reserve the right to approach the Court to seek appropriate relief, particularly if we hear of any additional sweep operations that have not been appropriately reported to us.

SFPD Reports: While we recognize that Defendants have provided location information in connection with SFPD arrest and citation data, we reiterate that the SFPD 915 Call Logs should also be produced with location information in order to correspond this data with SFPD's daily interactions with unhoused individuals beyond HSOC operations. We do not have an exact spreadsheet previously produced to us containing this location information for SFPD call logs. However, we understand that such information exists in SFPD's database as either a street address or intersection. Just as you supplemented the SPFD call logs to re-insert time stamp data, we request you supplement the data spreadsheet to include the street address and intersection information regularly kept by SFPD. We look forward to hearing from you after you have had an opportunity to look into whether Defendants are willing to produce that information. Please advise by next Tuesday 11/29, whether you will supplement these disclosures for the reporting period to date.

HSOC Spreadsheets: Thank you for agreeing to look into whether or not Defendants would be amenable to providing full names and dates of births of the individuals referenced in certain HSOC records (CCSF_COH_PI_HSOC_000001-000052). We do not believe there is a basis for Defendants to withhold this information. As we explained, this information is relevant to this case and the preliminary injunction motion. As one example, this information is necessary for us to be

able to properly assess Defendants' representations in your opposition regarding the number of individuals HSOC has provided shelter to. We agree to treat the City's productions as confidential in accordance with the Northern District of California's standard protective order until the entry of an appropriate protective order in this case. As a compromise, and without prejudice to Plaintiffs seeking additional information later, Plaintiffs are willing to agree to accept full first name, first initial of last name, and month and day (but not year) of birth, which should alleviate any potential privacy concerns. Please let us know, if possible by Wednesday, 11/23, but no later than Friday, 11/25, whether Defendants will agree to produce full names and dates of births or at least the more limited name and birthdate information. We may seek relief from the Court to ensure that we can properly analyze this evidence the Court ordered disclosure of precisely so that Plaintiffs could assess its contents in evaluating Defendants' opposition to the motion.

26(f) Conference: Thank you for informing us that Defendants are available between 12/6 - 12/9 to hold our 26(f) conference. We will consult internally and suggest a few proposed times within that window.

Best regards,

Zal K. Shroff (he/him)

Date: Tuesday, November 22, 2022 at 12:52 PM

Zal,

In preparation for our call, please see the below.

72-Hour Notice. We have provided you notice of homeless encampment resolutions that were planned in advance. The incidents you have identified were not planned homeless encampment resolutions. We have come across no record of SFPD or DPW interactions at 240 Clayton on 11/6. Notwithstanding the notice posted on 11/4, by 11/5, DPW had decided not follow up on notice.

SFPD Reports. We re-produced the reports with the requested additional information on 11/15. These reports included the additional information that you have requested. Our weekly report of incidents where misdemeanor citations were issued for Cal. Penal Code § 647(e) (lodging without permission) and Cal. Penal Code §§ 370, 372 (public nuisance) includes the same information that was contained in the sample PRA

response you sent us. Our weekly report of dispatches with incident code 915 (homeless calls for service) also contain the same information that was contained in the sample PRA response you sent us.

HSOC Spreadsheets. We agree that the parties should enter into a protective order. We do not agree that Plaintiffs are entitled to identifying information or health information of third parties. Courts regularly order that identifying information be redacted, even from documents produced subject to a protective orders, in order to protect the privacy concerns of third parties. We are open to hearing your articulation of Plaintiffs' compelling need for third parties' private information. We are also happy to discuss how to produce a native version of the spreadsheet that allows for redactions of identifying information and health information.

26(f) Conference. Jim has been back east for his mother's 97th birthday. We are available 12/6 through 12/9. We can discuss specific times during our call. If 12/5 is truly the only date that works for you that week, we may be able to make that work.

Thanks. Talk to you soon.

Ed

Subject: Re: Coalition on Homelessness et al. v. CCSF et al – 72-hour notice and expedited discovery matters

Jim and Ed:

We write to express our concern regarding several critical outstanding issues in this matter—many of which we have now attempted to address with Defendants several times. Please respond with times that Defendants will be available to meet and confer on these issues on Monday or Tuesday morning, so that we can immediately determine whether we will need to seek the Court's intervention.

1. <u>Failure to Properly Provide 72-Hour Notice</u>. You have not responded to our repeated requests for information regarding the criteria Defendants are using to determine which sweep operations will be reported to Plaintiffs pursuant to the Court's Order. We have identified obvious gaps in your reporting to us—with Plaintiffs receiving reports of planned SFPD and DPW sweep operations for which we received no notice. In fact, Defendants have not informed Plaintiffs of a *single* DPW or SFPD sweep operation since the Court's Order was entered—instead providing only information about HSOC encampment resolutions. This is in direct violation of the Court's Order—which requires disclosure of *all* planned encampment resolutions. *See* Dkt. 34 ("any planned homeless encampment resolution scheduled by or involving the

Healthy Streets Operation Center, Department of Public Works ("DPW"), San Francisco Police Department ("SFPD"), or any other City agency." SFPD and DPW have clearly continued to conduct their own sweep operations across San Francisco—as Defendants' own weekly disclosures patently demonstrate. Your failure to provide proper notice of these planned sweep operations is exposing our Plaintiffs to exactly the irreparable harms the Court's reporting and disclosure requirements were designed to prevent. We wrote to you urgently on November 7 regarding this matter, again on November 9—and yet again on November 14. You have failed to respond or to adequately address any of these notice issues.

- 2. <u>Insufficient SFPD Reports.</u> We have already reported our concerns with SFPD's weekly reports regarding citations, arrests, and dispatches—which have failed to include date, time, and location of SFPD's interactions with unhoused people. Your latest production at least included time stamps, but failed to include locations. As it is obvious that SFPD is conducting regular sweep operations outside of HSOC encampment resolutions, and Defendants have refused to notify us in advance of these operations, it is critical that SFPD's reports include the appropriate date, time, and location information for each interaction. You informed us that you were looking into this but then did not respond. Please confirm that by Tuesday morning, we can expect a supplemental disclosure of all prior reports with the required information necessary to satisfy the Court's mandated disclosure obligations. *See* Dkt. No. 38.
- 3. <u>Unredacted & Native Format Discovery Production</u>. Your expedited discovery production includes solely HSOC schedules, reports, call logs, and client logs. It therefore appears that you have declined to rely on any SFPD or HSH database records in Defendants' preliminary injunction opposition. With respect to the HSOC records provided, however, it is imperative that those records be provided in unredacted format. You have made representations in your opposition regarding the number of individuals HSOC has provided shelter to, but those assertions are impossible to assess based on the records provided—which are redacted to obscure the names and dates of birth of the individuals supposedly assisted. The Defendants have no basis to redact relevant documents that they are required to produce. We will require a supplemental production of these records that properly discloses first name, last name, and dates of birth. We are comfortable, however, with you keeping the redaction of partial SSN information for now. Of course, we are happy for the parties to agree to and execute a protective order if necessary. To address any potential confidentiality concerns, until a case-specific protective order is entered in this case, we are willing to treat any productions designated as confidential in accordance with the Northern District of California's standard protective order. *See Model Protective Orders | United States District Court, Northern District of California (uscourts.gov).*

We also note issues with certain documents that appear to be spreadsheets (and so presumably in Excel or similar format) but that were produced in PDF. It is not practical to review such documents in PDF format, especially given the limited time available for Plaintiffs to prepare their reply. Accordingly, we request that you promptly re-produce the documents in native file format. Please inform us whether you will provide these supplemental discovery disclosures.

4. <u>Refusing to Schedule the 26(f) Conference</u>. Defendants stated that they would be prepared to meet and confer pursuant to Rule 26(f) once Defendants' opposition to the preliminary injunction was filed. Again, *despite approximately ten separate inquiries* and Defendants having filed their opposition, Defendants have simply refused to provide us with dates for our meet and confer. Plaintiffs are prepared to conduct our 26(f) conference on December 5, 2022—as we stated in our last email on November 14. Once again, you have declined to report your availability.

Please provide Defendants' availability for a meet and confer on either Monday or Tuesday to address these pressing matters. If they cannot be resolved, Plaintiffs will expect to seek appropriate relief.

Subject: Re: Coalition on Homelessness et al. v. CCSF et al – 72-hour notice

Jim:

The Court's order requires "notice of the date, time, and cross street location of any planned homeless encampment resolution scheduled by <u>or</u> involving the Healthy Streets Operation Center, Department of Public Works ('DPW'), San Francisco Police Department ('SFPD'), <u>or</u> any other City agency." Your response does not provide any explanation of what criteria the City is using in determining what encampment resolutions it is choosing to provide notice of under the Court's order. Given that your response explicitly acknowledges that at least some encampment resolutions, such as the one that the SFPD conducted on Pond Street, are deliberately not being reported to us, please explain the basis for the City not providing the Court ordered notice for any SFPD and DPW encampment resolutions.

Regarding the DPW resolution at 240 Clayton Street, it is unclear what you mean when you say your inquiries came up empty. Are you saying that DPW has no record of this incident occurring? Regardless, the sweep was indeed planned, noticed, and then carried out with complete disregard for that notice days earlier than promised—all with no notice to us. This is exactly the kind of forced displacement that the Court's order was meant to address during the pendency of Plaintiffs' preliminary injunction motion. We attach the DPW notice here, and express our concern that your clients did not provide you with this information. We expect that going forward Defendants will provide notice of all such formal resolutions to us 72 hours in advance of the scheduled sweep or property removal operation. This includes all such noticed property removal operations by DPW.

Case 4:22-cv-05502-DMR Document 50-18 Filed 12/01/22 Page 11 of 20

With respect to the SFPD sweep operation on Pond Street, we are admittedly puzzled. The Harvey Milk Public Library does not open until 10AM on Mondays, and yet you represent that at some time before 6:30AM on Monday morning, there was a call to complain that tents were obstructing access to a library that was not set to open for another 4 hours. Please provide the dispatch records to confirm. If this early morning sweep operation was in fact planned in advance by SFPD—and was not in response to a call for an immediate dispatch—then Defendants should have notified us of the sweep operation and the planned removal of unhoused individuals.

Finally, we note that your articulation of the Court's order—that the City will only provide notice of encampment resolutions if planned at least 72 hours in advance, would render the Court's order illusory. Whenever a sweep is planned in advance (i.e. there is no ongoing "emergency"), it must be scheduled at least 72 hours in advance so that Plaintiffs' counsel have the adequate notice required by the Court's order. Indeed, the Court's order also specifically contemplates that you must re-notice us in the event of any changes to planned sweep operations within the 72-hour notice period. See Dkt. No. 34. The 72-hour advance scheduling/notice is hardly burdensome, as it is in fact a requirement of the City's own policies regarding encampment resolutions. See DPW's Bag and Tag Policy, Section 3(a) ("the City will provide 72 hours advance written notice, so long as the site does not present any imminent health or safety hazards requiring immediate removal"). Instead of complying with these clear requirements, you are now suggesting that you have not informed us of non-emergency sweep operations Defendants are aware of and planned across San Francisco, but that were conceived of, planned, and carried out in less than 72-hours. This is fundamentally contrary to the Court's order.

Please clarify your position at your earliest convenience, and confirm that you will be providing 72-hour advance notice before all planned DPW and SFPD encampment resolutions, among all other planned encampment resolutions. We will also request that the parties discuss these issues at a meet and confer tomorrow to confirm Defendants' understanding of the Court's order. Please advise your availability.

Additionally, despite asking Defendants for weeks to provide availability for the Rule 26(f) conference, which the parties need to complete by December 14, 2022, we have yet to receive any response. While we understand Defendants object to any such meeting taking place before Defendants' opposition to the Motion for a Preliminary Injunction is due tomorrow, that should not prevent Defendants from providing availability after that date. Plaintiffs are prepared to conduct our 26(f) conference on December 5, 2022. Please provide Defendants' availability on that date or propose an alternative date and time.

Subject: RE: Coalition on Homelessness et al. v. CCSF et al - 72-hour notice

Hi Zal,

I've looked into the events you inquired about in your email below. On Pond Street, the police responded to a complaint that tents were blocking the sidewalk and obstructing access to the Harvey Milk Public Library. The engagement was not planned in advance. My inquiries came up empty about any DPW action on Nov 6 at 240 Clayton. And you are correct, there was no HSOC resolution planned for that location on Nov 6 or Nov 8. If you have any further information about 240 Clayton street, perhaps a photograph of the notice you describe below, please send it to me and I may be able to find out more.

I read the Court's order to require 72-hours notice of encampment resolutions that are planned at least 72 hours in advance. The Pond Street engagement on Nov 7 was neither an "encampment resolution," nor was it planned 72 hours in advance.

Hi Jim,

Thank you for your email. We look forward to hearing from you as soon as you know more. When you do, please let us know what criteria the city is using to determine what does and does not qualify as a "planned homeless encampment resolution" for which notice is required under the Court's order, and to the extent the Defendants contend that any of the sweep operations identified in my earlier email do not qualify as a "planned homeless encampment resolution," please provide the basis for that contention. Please provide a response no later than COB Thursday, November 10th.

Subject: Re: Coalition on Homelessness et al. v. CCSF et al – 72-hour notice

Hi Jim and Ed:

We write to express our concern that Defendants are not complying with the Court's order to provide us with 72-hour notice of "any planned homeless encampment resolution scheduled by or involving the Healthy Streets Operation Center, Department of Public Works ("DPW"), San Francisco Police Department ("SFPD"), or any other City agency." *See* Dkt. No. 34.

On Sunday, November 6, DPW conducted a sweep operation at 240 Clayton Street where several unhoused individuals were ordered to move by DPW and SFPD. Furthermore, a posted notice onsite indicated that the sweep was pre-planned and set to occur on November 8—not November 6. We were never given *any* notice of this sweep operation—either 72 hours before the scheduled time listed on the DPW notice or 72 hours before the time the sweep operation actually took place.

Today, on Monday, November 7, SFPD officers started arriving at approximately 6:35AM at 16th Street and Pond Street and ordered unhoused individuals to clear the area. Officer Fernandez was one of the officers present. We were never

given 72-hour notice of this sweep operation. Instead, you provided 72-hour written notice of sweep operations for today that were occurring in an entirely different part of the City.

Please advise as soon as possible why we were not informed of these two planned sweep operations 72 hours before they occurred. We are concerned that Defendants are not appropriately informing the City Attorney's Office of dozens of agency operations occurring across the City in violation of the Court's order. In your response, please clarify how Defendants—and specifically DPW and SFPD—are informing you about each agency's homeless sweep/property seizure operations. Additionally, how are Defendants defining a planned encampment resolution subject to 72-hour notice requirements under the Court's order—and what conduct are Defendants specifically declining to report to us, if any?

We hope that the parties can promptly address any significant gaps in the mandatory reporting ordered by the Court. Additionally, we will expect to see specific DPW and SFPD records that address the two specific sweep operations described above in Defendants' weekly document disclosures. *See* Dkt Nos. 34, 38.

Subject: Re: Coalition on Homelessness et al. v. CCSF et al – 72-hour notice

Ed:

We are concerned that we had to flag the lack of timely notice for Monday's sweeps and want to be sure Defendants are prepared to provide those notices in compliance with the Court's order without prompting in the future. For example, the sweep identified for Monday morning at 7AM on October 31, 2022 is one for which Plaintiffs clearly did not receive the required 72-hour notice identified in the Court's order. Please advise whether you nonetheless intend to proceed with that sweep operation.

As to the SFPD records, given your unwillingness to make any disclosures at this time, we will await the Court's order and then will request that SFPD provide the required documents for the entire reporting time period as appropriate and consistent with Defendants' other disclosures.

Subject: Re: Coalition on Homelessness et al. v. CCSF et al – 72-hour notice

Thank you, Ed. We will look forward to receiving the updated production from DPW and from HSH later today.

Additionally, we note that the parties have not yet heard back from the Court regarding the joint letters submitted late last week. In the meantime, will Defendants commit to start producing at least those SFPD documents that Defendants agreed to provide and proposed to the Court in their proposed order?

Finally, under the Court's initial scheduling order, the parties are obligated to meet and confer on or before December 14, 2022. *See* Fed. R. Civ. P 26(f) ("at least 21 days before a scheduling conference"). You indicated that you would be prepared to conduct such a conference after Defendants' opposition to the preliminary injunction motion is filed on November 15, 2022. Please provide us with dates and times that you will be available to conduct our meet and confer.

Subject: RE: Coalition on Homelessness et al. v. CCSF et al - 72-hour notice

Hi Zal,

Please expect a production of DPW reports shortly. We were unable to include 10/20 and 10/21 in this batch. We expect to include 10/20 and 10/21 in the reports to be provided on Friday.

We also expect to provide HSH reports Friday evenings as well. Thanks.

Ed

Thank you, Ed. We note that we did not receive the DPW reports for 10/17-10/21 yesterday. Can we expect to see those records today? Please also advise as to the schedule for HSH disclosures following your discussions yesterday.

Best regards,

Zal K. Shroff (he/him)

Subject: RE: Coalition on Homelessness et al. v. CCSF et al – 72-hour notice

We expect the DPW records pursuant to the Order Regarding Defendants' Administrative Motion for Extended Briefing Schedule (ECF No. 34) to be provided on the following schedule:

- On Tuesday, 10/25, we expect to provide the records for 10/17-10/21/2022
- On Friday, 10/28, we expect to provide the records for 10/22-10/26/2022
- From thereafter, we expect to provide records every Friday (e.g., 11/4), covering the time period of the preceding Thursday through Wednesday (e.g., 10/27-11/2/2022)

We will update you about the schedule for HSH daily allocation summaries later today, as we finalize some of the logistics. Thanks.

Going forward, the parties can expect these notifications to be sent in the morning. There was a little delay today as we

worked to set up the process for providing this notice.

I expect to have updates on the timeline for DPW and HSH information later today. Thanks.
